

TASKI®

TASKI® ergodisc 2000

Ultra-high-speed burnisher with excellent dust retention

- Best performance and highest gloss level
- Easy and simple use of machine
- Easy storage and transport

The ergodisc 2000 is especially suited for burnishing and stands for proven and high quality in line with rest of range.

Best performance and highest gloss level

TASKI ergodisc 2000 stands for proven and high quality in line with rest of range. Ultra-high speed ensures shiny, slip-resistant floors in a fraction of the usual time. Perfect dust retention as a result of the innovative guided airflow technique leads to improved air quality and better polishing results, since dust/residue build-up in pad affects the gloss.

The low noise level allows use of machine during day time.

Easy and simple usage of machine

The ease of use of TASKI ergodisc 2000 simplifies operation significantly during daily operation and reduces the need of operator training. The automatic weight balance does not require manual adjustment. Better working conditions improve productivity through:

- anatomically-formed grip
- adjustable handle bar height
- low noise and vibration level

Easy storage and transport

Easy storage even in a small closet due to small and compact size and the possibility of storage in upright position. Low weight allows easy transport from site to site – no ramp or truck needed.

TASKI® ergodisc 2000

Technical data			
Working width	50 cm (20")	Voltages available	230 V / 50 Hz 120 V / 60 Hz
Speed	2000 rpm	Cable length	25 m (82 ft)
Weight	50 kg (110 lbs)	Sound level	70 dB(A)
Engine height	23 cm (9")	Protection class	I
Nominal consumption	1500 W	Approvals	CE/CB Test cert/CSA

The above data is typical of normal production and should not be taken as a specification.

Product	Voltage	Article code
TASKI ergodisc 2000 SEV	220-240 V/50 Hz	7519534
TASKI ergodisc 2000 EUR	220-240 V/50 Hz	7519535

Additional features

Full pad contact: The floating pad drive gives a constant working pressure and enables the machine to be used on uneven floors.

Robustness: TASKI ergodisc 2000 machines are part of an innovative range of single disc machines. The use of high-tech materials creates robust, shock absorbing machines with an extended lifetime and low service costs.

All ergodisc machines come with 2 years' warranty.
