2.2 COLLABORATIVE MEETINGS

The Authority will make available certain of its personnel, consultants and advisors (the “**Authority Representatives**”) to participate in collaborative discussions with the Proponent (the “**Collaborative Meetings**”). The Authority expects the Collaborative Meetings to take place as follows:

(b) the purpose of the Collaborative Meetings is to provide a process that will assist the Proponent to develop an optimal solution for the Authority while minimizing the risk that the solution is unresponsive to the Authority’s requirements, and in particular:

(1) to permit the Proponent’s representatives to provide the Authority’s Representatives with comments and feedback on:

i. commercial and legal issues related to the following:

- Phase Two: Initial Draft Design Early Works Agreement, Initial Draft Design-Build Agreement and Final Draft Design-Build Agreement;
- Phase Three: Design Service Contract and Construction Management Service Contract; and
- design development requirements, and specifications of the Project.

ii. material issues such as affordability of the Project.

(2) to permit the Proponent to discuss with the Authority potential solutions and approaches that the Proponent may be considering for various aspects of its Proposals.

(c) in advance of each Collaborative Meeting, the Proponent is strongly encouraged to provide the Authority with:

² The Authority may choose to ask for an additional Financial Submission aligned with the 60% design submittal as per Schedule 3 of the Design-Build Agreement, if deemed appropriate to do so after the evaluation of the Second Financial Submission. The construction schedule will be adjusted accordingly in this case.

³ Some aspects of the Phase Three design will take place during design development for Phase Two.

- (1) a proposed meeting agenda (including Authority Representatives the Proponent would like in attendance); and
- (2) a list of prioritized issues the Proponent would like to discuss, and any materials relevant to such issues, including Acceptable Equivalents;

The Authority may provide the Proponent with comments on the agenda and a list of any prioritized issues the Authority would like to discuss. Failure to provide an agenda may result in cancellation of the Collaborative Meeting. The Authority may also call additional Collaborative Meetings with its own agenda.

- (d) the Authority will determine which Authority Representatives will be present at any Collaborative Meeting;
- (e) except as may be expressly stated otherwise in this RFP, including Section 11.5, the Authority will retain all information received from a Proponent during a Collaborative Meeting(s) as strictly confidential, and will not disclose such information to any third party. The Authority may disclose such information to its consultants and advisors who are assisting or advising the Authority with respect the Project;
- (f) at each Collaborative Meeting, the Proponent may have such officers, directors, employees, consultants and agents of the Proponent and the Proponent Team members present as the Proponent considers reasonably necessary for effective communication with the Authority and to fulfil the objectives of the Collaborative Meeting provided that the Authority may, in its discretion, limit the number of participants at any one meeting. Participation in Collaborative Meetings is in person unless agreed by the Authority.
- (g) if for the purposes of the preparation of its Proposal, the Proponent wishes to rely upon anything said or indicated at a Collaborative Meeting, then the Proponent must submit an Enquiry describing the information it would like to have confirmed and request that the Authority provide that information to the Proponent in written form and, if such information relates to a clarification, explanation or change to a provision of this RFP or the Design-Build Agreement, or the Design Early Works Agreement, request an Addendum to this RFP clarifying and amending the provision in question;
- (h) to facilitate free and open discussion at the Collaborative Meetings, the Proponent should note that any comments provided by or on behalf of the Authority during any Collaborative Meeting, including in respect of any particular matter raised by the Proponent, or which is included in any documents or information provided by the Proponent prior to or during the Collaborative Meeting, and any positive or negative views, encouragement or endorsements expressed by or on behalf of the Authority during the Collaborative Meetings to anything said or provided by the Proponent, will not in any way bind the Authority and will not be deemed or considered to be an indication of a preference by the Authority even if adopted by the Proponent;

- (i) by participating in the Collaborative Meetings the Proponent confirms its agreement with these procedures and acknowledges that the meetings are an integral part of the RFP Process as described in this RFP and are in the interests of both parties;
- (j) following the release of the RFP, the Authority will consult with the Proponent to confirm specific dates for Collaborative Meetings;

- (l) it is expected that Collaborative Meetings will be held in New Westminster, B.C.

2.3 COMMENTS ON THE PHASE TWO DESIGN EARLY WORKS AGREEMENT

The Proponent should review the Initial Draft Design Early Works Agreement for the purpose of identifying any issues or provisions that the Proponent would like to see clarified or amended. Following such review:

- (a) the Authority will invite the Proponent as part of the Collaborative Meeting process to discuss possible clarifications or amendments to the Initial Draft Design Early Works Agreement, including with respect to commercial, legal, and design aspects of the Project;
- (b) the Proponent should provide the Authority in advance of the First Collaborative Meeting with a prioritized list of requested changes, if any, to the Initial Draft Design Early Works Agreement using the Proponent Comments Form attached as Appendix E, together with an agenda and issues list described in this Section 2.3; and
- (c) the Authority will consider all comments and requested clarifications or amendments received from the Proponent in the Collaborative Meetings and may respond to some or all of the comments received, and will amend the Initial Draft Design Early Works Agreement as the Authority may determine in its discretion.

Prior to the Submission Time for Design Submission, the Authority intends to issue by Addendum one or more revised drafts of the Design Early Works Agreement, including one that will be identified as the final draft design early works agreement (the “**Final Draft Design Early Works Agreement**”). The Final Draft Design Early Works Agreement will be the basis for the preparation of the Design Submission and the Proponent should not in their Proposal make any modifications, changes or additions to the Final Draft Design Early Works Agreement except for modifications, changes or additions provided for in Section 9.2.

2.3.1 Design Early Works Agreement and Design Development Process

The Authority will consider the Design Submission submitted by the Proponent as per the requirements set out in Appendix A of this RFP, and I may invite the Proponent to enter into final discussions to settle

all terms of the Design Early Works Agreement, based on the Proponent’s Proposal, including any clarifications that the Proponent may have provided during the evaluation of the Proposal.

Design development will take place concurrently with the RFP Process. Following execution of the Design Early Works Agreement, the Proponent and Authority Representatives, based on the process and requirements set out in the Design Early Works Agreement, will meet to develop and complete the design of the Facility. As a result, the remainder of the Collaborative Meetings will focus discussions on other aspects of the Project and less on design development. The Authority will establish a governance structure to assist with the coordination between the design process and the RFP Process, by providing:

- (a) oversight to the design process under the Design Early Works Agreement; and
- (b) a review and approval of any proposed changes via Addenda through the RFP Process to ensure alignment between design and Facility requirements as set out in the Design-Build Agreement and its schedules.

2.4 COMMENTS ON THE DESIGN-BUILD AGREEMENT

The Proponent should review the Initial Draft Design-Build Agreement for the purpose of identifying any issues or provisions that the Proponent would like to see clarified or amended. Following such review:

- (a) the Authority will invite the Proponent as part of the Collaborative Meeting process to discuss possible clarifications or amendments to the Initial Draft Design-Build Agreement, Final Draft Design-Build Agreement including with respect to commercial, legal, and design and construction aspects of the Project;
- (b) the Proponent should provide the Authority, prior to each Collaborative Meeting with a prioritized list of requested changes, if any, to the Initial Draft Design-Build Agreement and Final Draft Design-Build Agreement using the Proponent Comments Form attached as Appendix E, together with an agenda and issues list described in this Section 2.4; and
- (c) the Authority will consider all comments and requested clarifications or amendments received from the Proponent in the Collaborative Meetings and may respond to some or all of the comments received, and will amend the Initial Draft Design-Build Agreement and Final Draft Design-Build Agreement as the Authority may determine in its discretion.

Prior to each of the Submission Times for Financial Submissions, the Authority intends to issue by Addendum one or more revised drafts of the Design-Build Agreement, including one that will be identified as the final draft design-build agreement (the “**Final Draft Design-Build Agreement**”). The Authority may further modify the Final Draft Design-Build Agreement prior to each of the Submission Times for Financial Submissions. The Final Draft Design-Build Agreement will be the basis for the preparation of all Proposals, and the Proponent should not in their Proposal make any modifications, changes or additions

to the Final Draft Design-Build Agreement except for modifications, changes or additions provided for in Section 9.2.

The Proponent should also review the Phase Three Design Service Contract and the Phase Three Construction Management Service Contract and provide comments for discussion with the Authority at the Collaborative Meetings.

2.5 BUSINESS-TO-BUSINESS NETWORKING SESSION

The Authority intends to coordinate a session with the Proponent and local contractors, suppliers and businesses (“**Business-to-Business Networking Session**”) to provide an opportunity for:

- (a) local contractors, suppliers, businesses and potential employees who might be interested in working with, or providing products and services to, the Proponent to meet the Proponent Team; and
- (b) the Proponent Team to enhance their knowledge, understanding and awareness of local goods, labour pool and services and to build relationships with local contractors, suppliers and businesses, and potential employees.

2.6 DATA ROOM

The Authority has established a website to be used as an electronic data room (the “**Data Room**”) in which it has placed documents in the possession of the Authority that the Authority has identified as relevant to the Project, and that may be useful to the Proponent. The Authority does not make any representation as to the relevance, accuracy or completeness of any of the information available in the Data Room except as the Authority may advise in writing with respect to a specific document. The Authority will grant the Proponent access to the Data Room and will require the Proponent to execute an agreement to keep information contained in the Data Room confidential.

The information in the Data Room may be supplemented or updated from time to time. Although the Authority will attempt to notify the Proponent of all updates, the Proponent is solely responsible for ensuring they check the Data Room frequently for updates and to ensure the information used by the Proponent is the most current, updated information.

2.7 PROPONENT’S CONTACT REPRESENTATIVE

The Authority intends to communicate solely with the Proponent’s Contact Representative, and may disregard communications from other persons on behalf of the Proponent during the RFP Process.

Although the Authority may rely on the Proponent’s Contact Representative’s authority to bind the Proponent, execution of documents by the Proponent’s Contact Representative is not required. The

Authority may rely on the authority to bind the Proponent by any person or persons representing the Proponent.

3 KEY PROJECT ELEMENTS

Any description or overview of the Initial Draft Design-Build Agreement or the Final Draft Design-Build Agreement in this RFP is provided for convenience only and does not replace, supersede, supplement or alter the Initial Draft Design-Build Agreement or the Final Draft Design-Build Agreement. If there are any inconsistencies between the terms of the Final Draft Design-Build Agreement and the description or overview of those terms set out in this RFP or the Initial Draft Design-Build Agreement, the terms of the Final Draft Design-Build Agreement will prevail.

3.1 DESIGN-BUILDER RESPONSIBILITIES

The Design-Builder will be responsible for all aspects of Phase Two in accordance with the Design-Build Agreement. This includes:

- (a) design and construction of the Facility, including integration of the various building components with each other;
- (b) completion of Preliminary Works as set out in Section 4.2 of Schedule 1 [Statement of Requirements] prior to commencement of construction of the Facility, including demolition of existing buildings, and construction of interim spaces to allow the RCH campus to remain fully operational throughout construction.
- (c) provision of utilities and other site services required to support the Facility, including off-site works as required for connection to existing City of New Westminster (the “**City**”) infrastructure;
- (d) achieving Substantial Completion; and
- (e) acquisition and installation of energy centre equipment and Information Management Information Technology (IMIT) systems to support the ACT.

The Authority may choose to execute a construction early works agreement with the Design-Builder to carry out Preliminary Works if the execution of the Design-Build Agreement is delayed, and there is schedule benefit to the Project to carry out Preliminary Works prior to execution of the Design-Build Agreement.

The Design-Builder will also be required to provide Phase Three Design and CM Services as described in the Phase Three Design Service Contract and Construction Management Service Contract. The contracts will be subject to continued good standing of the Design Early Works Agreement (and in the event of assignment of the Design Agreement, the good standing of the Design Agreement) or the Design-Build

Agreement, as applicable. The general scope of the services is the design of, and construction management related to, renovations of the following areas:

Renovated Functional Space	Existing Building
Interventional Platform	Health Care Centre
Satellite Medical Device Reprocessing (MDR)	Health Care Centre
Food Services	Health Care Centre
Pharmacy	Health Care Centre
Main Lab	Health Care Centre
Medical Imaging	Columbia Tower
Biomed	Columbia Tower
Morgue	Health Care Centre
Supporting Space for IMIT	Health Care Centre

Some components of the Phase Three design, such as the interventional platform, will be required to be completed during the design development phase of Phase Two, and some components of the Phase Three design are required to be completed prior to the Substantial Completion of Phase Two. After Phase Two Substantial Completion, there will be a move-out period, and the construction of the renovations identified above will commence after such move-out period.

Pricing for the Phase Three Design and CM Services is to include everything for the services other than the trade sub-contracts which will be tendered through competitive bid and reimbursed at cost. The Authority will require discrete costing for Phase Three Design Services to be provided in the Phase Three Design Services Submission, and Phase Three CM Services to be provided with a Financial Submission. The Authority will pay those costs to the designer and the construction manager, respectively under separate service contracts, as monthly progress payments.

The Authority will provide more clarity on the scope and submission requirements related to Phase Three Design Services Submission via Addendum in fall 2019.

3.2 MUNICIPAL APPROVALS

In accordance with the Design-Build Agreement, the Design-Builder will be responsible for obtaining all permits and approvals required for the design and construction of the Facility, and to ensure that its design for the Facility complies with the applicable zoning and related City requirements.

The Authority has initiated preliminary discussions with the City with respect to City requirements for the Project and the RFP Process regarding the following:

- (a) off-site servicing and services relocation;
- (b) City Engineering Department requirements;
- (c) City Design Guidelines; and
- (d) advisory design panel requirements.

The Design-Builder will have the responsibility to obtain a development permit from the City as required for the Design-Builder's design of the Facility, and to obtain the City's approval for utility connections and other matters. The Design-Builder may, at its risk, seek zoning variances or permit modifications for the benefit of its design and Proposal.

The Proponent will have the opportunity to meet with City representatives, and may request meetings with the City prior to each of the Submission Times for Financial Submissions to allow the Proponent to obtain information they may require for the preparation of Financial Submissions. All Proponent meetings with the City will include an Authority's representative and will be coordinated through the Contact Person.

The City will not respond directly to questions from the Proponent regarding the Project. All such requests for information from the City are to be submitted to the Contact Person as outlined in Section 7.6.

3.3 SITE REPORTS

The following investigations and reports have been completed to date, and are available to the Proponent in the Data Room:

- (a) a topographical and underground service location investigation;
- (b) a geotechnical investigation;
- (c) an environmental investigation.

The Authority will make available the geotechnical investigation in its possession which it considers appropriate without warranty regarding any recommendations for bearing pressures, settlements and the like, which may be contained in those reports.

The investigations and reports outlined in Section 3.3 of this RFP are limited to a factual record of materials and groundwater encountered at certain locations and elevations. If the Design-Builder chooses to rely in any way on the investigations and reports outlined in Section 3.3, the Design-Builder will be deemed to have assumed and accepted all risks that the information as disclosed in the investigation and reports may not accurately or completely describe actual Site conditions including geotechnical conditions (including risk of boulders, rock and low strength soil) and ground water conditions (including risk of underground streams or water table conditions).

The Authority will allow testing during the RFP Process upon request by the Proponent.

3.4 SITE CONSIDERATIONS

The Authority will facilitate a site meeting with the Proponent for the purpose of answering questions related to Site conditions. In submitting a Financial Submission, the Proponent is to confirm they understand the existing conditions, critical dimensions and limitations of the Site.

3.5 SPACE REQUIREMENTS AND INDICATIVE DESIGN

The Design-Builder will be required to design and construct the Facility to accommodate the spaces, activities, functions, design features and adjacencies described in the Initial Draft Design-Build Agreement.

The Indicative Design reflects program areas and significant design. Functionality has been reviewed with Facility users who have provided input on the general layout, adjacencies, and staff flows. The Indicative Design should not be relied on by the Proponent. It is for illustrative and general guidance purposes only and does not relieve the Design-Builder in any way of all responsibility for the design of the Facility

Drawings describing the Indicative Design for the Facility are available in the Data Room.

3.6 EQUIPMENT

The Design-Builder will complete the Facility to accommodate equipment, including all required electrical and plumbing connections, structural support, seismic restraints and space for efficient access, all to the tolerances and specifications as may be specified and required by the manufacturers or suppliers of the equipment, and in accordance with the Design-Build Agreement.

The equipment lists are provided as Appendix 1F [Equipment List IM/IT] and Appendix 1G [Clinical Equipment List] of the Design-Build Agreement. The Design-Builder is required to coordinate equipment installation with the building construction schedule. All equipment that is Design-Builder installed is expected to be completed prior to Substantial Completion unless otherwise noted in the equipment list.

3.7 INDEPENDENT CERTIFIER

As set out in the Design-Build Agreement, the Authority and the Design-Builder will jointly appoint an Independent Certifier to certify payment. The responsibilities of the Independent Certifier is further described in the Design-Build Agreement.

3.8 LEED® / ENERGY

The Design-Builder will be required to obtain LEED® Gold Certification for the Facility. The Facility has been registered under the LEED v4 for Building Design + Construction (BD+C), Healthcare, rating system.

In addition, Schedule 5 [Energy and Carbon Guarantees] of the Design-Build Agreement includes provision for the following:

- (a) constructing the Facility to not exceed the Energy Target and Carbon Target;
- (b) a requirement for the Design-Builder to validate Energy consumption during a test period; and
- (c) a requirement for the Design-Builder to take all reasonable steps to obtain incentive or rebate or credits by application to BC Hydro or Fortis BC.

3.9 APPRENTICESHIP AND TRAINING

The Design-Builder will be required to comply with the Province’s “Apprentices on Public Projects in British Columbia Policy and Procedures Guidelines” (“**Apprentices Guidelines**”) in providing apprenticeships and skills training opportunities. The Apprentices Guidelines address use of registered apprentices and reporting on registered apprentices and trainees.

The Apprentices Guidelines are available at https://www2.gov.bc.ca/assets/gov/business/economic-development/assets/apprentices-on-public-projects/policy_and_procedure_guidelines.pdf.

3.10 WOOD FIRST

As required by the *Wood First Act* (British Columbia), the Design-Builder will be required to use wood wherever the building code requirements permit. Schedule 1 [Statement of Requirements] of the Design-Build Agreement provides a matrix that indicates specific locations where wood will be used.

4 NOMINATED ADDITIONAL KEY INDIVIDUALS

The Proponent must nominate in writing to the Contact Person the following Additional Key Individuals:

- (a) Clinical Lead;
- (b) Communication (IT) Lead;
- (c) Design-Build Commissioning Lead;
- (d) Electrical Design Engineer Lead;
- (e) Equipment Lead;
- (f) Facility Maintenance Advisor;
- (g) Interventional Advisor;

At least one of the references should be the project lead for the owner and ideally should be from a project actively worked on in the last three years. The Proponent should confirm that each reference contact is aware their name is being included and is willing to provide a reference to the Authority; and
- (f) the percentage of time the Additional Key Individual will dedicate to undertake the Project at each major phase (i.e., procurement and design development under Design Early Works Agreement, design and construction, commissioning), in relation to current and anticipated commitments to other projects that will proceed at the same time as the Project, and identify those other projects (including percentage of time committed to those projects).

The Proponent should provide the nominations of the Additional Key Individuals and all such information by the Submission Time for Additional Key Individuals.

The credentials of the Additional Key Individuals will be reviewed based on the demonstrated strength and relevance of the individual to undertake their respective obligations under the Design-Build Agreement and are subject to the approval of the Authority, acting reasonably.

A key objective of the RFP Process is to achieve the Project scope while providing value to the Authority within the Project's Design-Build Price Ceiling requirements.

5.1 DESIGN-BUILD PRICE CEILING

The Authority has identified a Design-Build Price Ceiling of \$785.4 million⁴, for the Aggregated Nominal Cost of the Proposal. Project approvals by the Authority have been based on this Design-Build Price Ceiling.

5.2 AGGREGATED NOMINAL COST CALCULATION

5.2.1 Design Submission

The Proponent should calculate the fixed price proposal for the Design Early Works Agreement and should use Table 1 and Table 2 in "Form A1 - Breakdown of Design Price", provided by the Authority in Appendix B of this RFP.

The Proponent should complete and submit the completed Form A1 as part of the Design Submission.

5.2.2 Financial Submissions

The Proponent should calculate the Aggregated Nominal Cost of the Proposal and should use the "Form A2 - Breakdown of Design-Build Contract Price", provided by the Authority in Appendix B of this RFP and complete and submit the completed Form A2 as part of each Financial Submission. The Aggregated Nominal Cost of the Proposal will be compared to the Design-Build Price Ceiling for evaluation purposes as described in Appendix A of this RFP.

5.3 DELIVERING VALUE

During design development, it is expected that the Authority and the Proponent will have a strong focus on delivering a Project that contributes positively to the overall affordability, is affordable, and delivers value to the Authority and the Province. A Proposal that delivers value and is affordable will be a pre-requisite to the Authority entering into the Design Early Works Agreement and Design-Build Agreement. The ability to deliver value will be a focus of the evaluation as described in Appendix A.

As part of the evaluation, the Authority may use professional quantity surveyors and/or confirm pricing via another construction firm (for price validation, not for executing a contract with this other construction firm) to support and validate the Nominal Cost of the Proposal developed by the Proponent. The Proponent is

expected to provide the Authority with access to completed tender pricing prior to execution of the Design-Build Agreement. The Authority also reserves the right to use an open-book process if a Financial Submission is deemed unreasonable by the Authority.

6 PROPOSAL REQUIREMENTS

6.1 PARTICIPATION AGREEMENT

As a condition of participating in this RFP Process, the Proponent must sign and deliver to the Contact Person a Participation Agreement, substantially in the form attached as Appendix F or otherwise acceptable to the Authority in its discretion. The Proponent will not be permitted to participate in Collaborative Meetings or participate further in the RFP Process unless and until they have signed and delivered a Participation Agreement as required by this Section.

6.2 PROPOSAL FORM AND CONTENT

Proposals should be in the form and include the content described in Appendix B.

7 SUBMISSION INSTRUCTIONS

7.1 SUBMISSION TIMES AND SUBMISSION LOCATION

With respect to the delivery of Proposals:

- (a) **Design Submission:** The Proponent will submit the Design Submission to the Submission Location by the Submission Time for Design Submission. The Design Submission should be made up of the following:

 - (3) the portion of the Proposal Requirements described in the Financial Submission section of Appendix B.

7.2 NUMBER OF COPIES

For the Design Submission and Financial Submissions, the Proponent should submit two bound copies numbered 1 and 2 (one copy marked as “Master”), and one electronic copy (USB flash drive) in PDF, .DWG or Microsoft Excel 2010 format, as appropriate, with a label on each describing its contents, appropriately packaged and clearly marked “Request for Proposals for RCH Redevelopment Project – Phases Two and Three”.

For its Design Submission, the Proponent should submit drawings according to the requirements described in Appendix B.

7.2.1 Electronic Copies

To facilitate the Authority's evaluation, the Proponent should provide the electronic copies of its Design Submission and Financial Submissions in a number of separate files. As a minimum breakdown, and with reference to Appendix B, the Proponent should provide individual files for the following Proposal Requirement sections:

Design Submission:

- (a) Entire Design Submission
- (b) Package 1: Transmittal Package

7.3 NO FAX OR EMAIL SUBMISSION

Proposals submitted by fax or email will not be accepted, except as specifically permitted in this RFP.

7.4 LANGUAGE OF PROPOSALS

Proposals should be in English. Any portion of a Proposal not in English may not be evaluated.

7.5 RECEIPT OF COMPLETE RFP

The Proponent is responsible to ensure that they have received the complete RFP, as listed in the table of contents of this RFP, plus any Addenda. A submitted Proposal will be deemed to have been prepared on the basis of the entire RFP issued prior to the Submission Time for Design Submission and the Submission Times for Financial Submissions. The Authority accepts no responsibility for the Proponent lacking any portion of this RFP.

7.6 ENQUIRIES

All enquiries regarding any aspect of this RFP should be directed to the Contact Person by email (each an “**Enquiry**”).

The Proponent is encouraged to submit Enquiries using the Enquiry Form (Appendix I) at an early date to permit consideration by the Authority:

- (a) for Enquiries of a design nature: prior to 15:00 Pacific Time on the day that is 5 Business Days before the Submission Time for Design Submission; and
- (b) for Enquiries of a financial nature: prior to 15:00 Pacific Time on the day that is 10 Business Days before each of the Submission Times for Financial Submissions.

All Enquiries regarding any aspect of this RFP should be directed to the Contact Person by email, and the following applies to any Enquiry:

- (a) responses to an Enquiry will be in writing;
- (b) all Enquiries, and all responses to Enquiries from the Contact Person, will be recorded by the Authority; and
- (c) the Authority is not required to provide a response to any Enquiry.

Information offered from sources other than the Contact Person with regard to this RFP is not official, may be inaccurate, and should not be relied on in any way, for any purpose.

7.7 ELECTRONIC COMMUNICATION

The Proponent should only communicate with the Contact Person by email with respect to this RFP. Other methods of communication, including telephone or fax, are discouraged. The Contact Person will not respond to any communications sent by fax.

The following provisions will apply to any email communications with the Contact Person, or the delivery of documents to the Contact Person by email where such email communications or deliveries are permitted by the terms of this RFP:

- (a) the Authority does not assume any risk or responsibility or liability whatsoever to the Proponent:
 - (1) for ensuring that any electronic email system being operated for the Authority or Partnerships BC is in good working order, able to receive transmissions, or not engaged in receiving other transmissions such that the Proponent’s transmission cannot be received; or

(2) if a permitted email communication or delivery is not received by the Authority or Partnerships BC, or received in less than its entirety, within any time limit specified by this RFP; and

(b) all permitted email communications with, or delivery of documents by email to, the Contact Person will be deemed as having been received by the Contact Person on the dates and times indicated on the Contact Person's electronic equipment.

Following the execution of the Design Early Works Agreement, on issues related to the Design Early Works Agreement, the Proponent and the Authority may communicate directly following the process as set out in the Design Early Works Agreement.

7.8 ADDENDA

The Authority may, in its discretion through the Contact Person, amend this RFP at any time by issuing a written Addendum. Written Addenda are the only means of amending or clarifying this RFP, and no other form of communication whether written or oral, including written responses to Enquiries as provided by Section 7.6, will be included in, or in any way amend, this RFP. Only the Contact Person is authorized to amend or clarify this RFP by issuing an Addendum. No other employee or agent of the Authority is authorized to amend or clarify this RFP. The Authority will provide a copy of all Addenda to the Proponent.

7.9 DEFINITIVE RECORD

The electronic conformed version of the RFP document in the custody and control of the Authority prevails.

7.10 AMENDMENTS TO PROPOSALS

A Proponent may:

- (a) amend any aspect of its Design Submission by delivering written notice, or written amendments, to the Submission Location prior to the Submission Time for Design Submission;
- (b) amend any aspect of its Financial Submissions by delivering written notice, or written amendments, to the Submission Location prior to the Submission Times for Financial Submissions; and

The Proponent may not amend any aspect of its Proposal except as set out above.

7.11 CHANGES TO PROPONENT TEAM

If for any reason the Proponent wishes or requires to add, remove or otherwise change a member of its Proponent Team after it was qualified by the Authority under the RFQ, or there is a material change in ownership or control (which includes the ability to direct or cause the direction of the management actions or policies of a member) of a member of the Proponent Team, or there is a change to the legal relationship among any or all of the Proponent and its Proponent Team members, then the Proponent must submit a written application to the Authority for approval, including supporting information that may assist the Authority in evaluating the change. The Authority, in its discretion, may grant or refuse an application under this Section. For clarity:

- (a) the Authority may refuse to permit a change to the membership of the Proponent Team if the change would, in the Authority's judgement, result in a weaker team than was originally qualified;
or
- (b) the Authority may, in the exercise of its discretion, permit any changes to the Proponent Team, including changes as may be requested arising from changes in ownership or control of the Proponent or a Proponent Team member, or changes to the legal relationship among the Proponent and/or Proponent Team members, such as the creation of a new joint venture or other legal entity or relationship in place of the Proponent Team originally shortlisted.

The Authority's approval may include such terms and conditions as the Authority may consider appropriate.

7.12 VALIDITY OF PROPOSAL

By submitting a Proposal, the Proponent agrees that:

- (a) its Proposal, including all prices and input costs, will remain fixed and irrevocable from the Submission Time for Design Submission and the Submission Times for Financial Submissions until midnight at the end of the 120th day following the Submission Time for Design Submission and the Submission Times for Financial Submissions (the "**Proposal Validity Period**"); and
- (b) after the expiry of the Proposal Validity Period, all prices and input costs in its Proposal may not be adjusted unless the Proponent provides notice to the Authority of any proposed adjustment and demonstrates to the satisfaction of the Authority that the Proponent has used its best efforts to continue to maintain the prices and input costs firm and valid, but that despite such best efforts, the specified adjustments to the prices and input costs are required solely as a direct result of one or more events that:
 - (1) are external to the Proponent and the Proponent Team members;

- (2) could not have been prevented by, and are beyond the control of, the Proponent and any of its Proponent Team members; and
- (3) constitute a material adverse change to the conditions underlying the prices and input costs that are subject to the adjustment.

The Proponent may indicate in its Proposal a Proposal Validity Period that exceeds 120 days.

7.13 MATERIAL CHANGE AFTER SUBMISSION TIME FOR DESIGN SUBMISSION AND FINANCIAL SUBMISSIONS

The Proponent will give immediate notice to the Authority of any material change that occurs to the Proponent after the Submission Time for Design Submission and after the Submission Times for Financial Submissions, including a change to its membership or a change to the Proponent's financial capability.

7.14 ACCEPTABLE EQUIVALENTS

The Statement of Requirements is intended to generally be performance-based, but include in some instances specific requirements related to design and construction, such as room types and sizes, adjacencies, access requirements, products, materials, equipment and building systems (including mechanical (HVAC), information technology and electrical) that the Authority considers are important to meet the Authority's objectives. However, the Authority wishes to provide some flexibility for the Proponent to propose equivalent alternatives that when considered by the Authority in its discretion, continue to meet the Authority's objectives (each an "**Acceptable Equivalent**").

The Proponent may submit an Enquiry marked "Acceptable Equivalent", or submit a list of Acceptable Equivalent solutions for discussion in Collaborative Meetings to the Authority that identifies the applicable section(s) in the Statement of Requirements that contains the requirement(s) and the Proponent's proposed equivalent that it considers will be equal to or better than the specified requirement(s) and that will still meet the Authority's objectives, along with supporting materials. The Authority may, in its discretion, request clarification, further information or additional supporting materials for the proposed equivalent. The Authority may, in its discretion:

- (a) respond to indicate that the proposed equivalent is acceptable;
- (b) respond to indicate that the proposed equivalent is acceptable subject to the Proponent's compliance with any conditions identified by the Authority;
- (c) respond to indicate that the Authority does not consider the proposed equivalent to be acceptable;
- (d) request clarification, further information or additional material; and

- (e) provide any other response in accordance with Section 7.6.

Any Acceptable Equivalent that is accepted by the Authority will result in an amendment to the Design-Build Agreement by issuing an Addendum.

8 EVALUATION

8.1 EVALUATION OF PROPOSALS

The Authority will evaluate Proposals in the manner set out in Appendix A.

The Authority may, in its discretion, take any one or more of the following steps, at any time and from time to time, in connection with the review and evaluation, of any aspect of a Proposal, including if the Authority considers that any Proposal, including the Design Submission or a Financial Submission, or any part of a Proposal, requires clarification or more complete information, contains defects, ambiguities, alterations, qualifications, omissions, inaccuracies or misstatements, or does not for any reason whatsoever satisfy the Authority that the Proposal meets any requirements of this RFP at any time, or for any other reason the Authority in its discretion deems appropriate and in the interests of the Authority and this RFP, or either of them:

- (a) waive any such defect, ambiguity, alteration, qualification, omission, inaccuracy, misstatement or failure to satisfy, and any resulting ineligibility on the part of the Proponent, or any member of the Proponent Team;
- (b) independently consider, investigate, research, analyze, request or verify any information or documentation whether or not contained in any Proposal;
- (c) request interviews or presentations with the Proponent to clarify any questions or considerations based on the information included in Proposals during the evaluation process, with such interviews or presentations conducted in the discretion of the Authority, including the time, location, length and agenda for such interviews or presentations;
- (d) conduct reference checks relevant to the Project with any or all of the references cited in a Proposal and any other persons (including persons other than those listed by the Proponent in any part of its Proposals) to verify any and all information regarding the Proponent, inclusive of its directors/officers and Key Individuals, and to conduct any background investigations that it considers necessary in the course of the RFP, and rely on and consider any relevant information from such cited references in the evaluation of Proposals;
- (e) conduct credit, criminal record, litigation, bankruptcy, taxpayer information and other checks;
- (f) not proceed to review and evaluate, or discontinue the evaluation of any Proposal, including the Design Submission or Financial Submission, and disqualify the Proponent from this RFP; and

- (g) seek clarification or invite more complete, supplementary, replacement or additional information or documentation from the Proponent or in connection with any Proposal, including with any Design Submission or Financial Submission or any part of their component packages.

Without limiting the foregoing or Appendix A, the Authority may, in its discretion (and without further consultation with the Proponent), reject any Proposal which in the opinion of the Authority: (i) is materially incomplete or irregular, (ii) contains omissions, exceptions or variations (including any modifications, changes or additions to the Final Draft Design-Build Agreement, other than as provided for in Section 9.2) not acceptable to, or material to, the Authority, (iii) contains any false or misleading statement, claims or information, or (iv) contains any false statements, criminal affiliations or activities by a Proponent or Proponent Team member.

The review and evaluation of any Proposal may rely on, take into account and include any information and documentation, including any clarification, more complete, supplementary and additional or replacement information or documentation, including information and documentation obtained through any of the above-listed investigations, research, analyses, checks, and verifications.

The Authority is not bound by industry custom or practice in taking any of the steps listed above, in exercising any of its discretions, in formulating its opinions and considerations, exercising its discretions in making any decisions and determinations, or in discharging its functions under or in connection with this RFP, or in connection with the Proponent, Proposals, or any part of any Proposal, including any Design Submission or Financial Submission.

As part of the evaluation of a Design Submission, the Authority may identify that the Authority is not satisfied that the Design Submission meets one or more requirements of the Final Draft Design Early Works Agreement and Initial Draft Design-Build Agreement. The Authority may, but is not required to, reject that Proposal in accordance with the terms of this RFP. If the Authority does not exercise its discretion to reject the Proposal, the Authority may provide to the Proponent a list of the items that the Authority is not satisfied meet the requirements of the Final Draft Design Early Works Agreement and the Initial Draft Design-Build Agreement. The Proponent will be required to comply with the requirements of the Final Draft Design Early Works Agreement and Initial Draft Design-Build Agreement, including by rectifying any non-compliances (material or otherwise) in its Proposals. By submitting its Financial Submissions, the Proponent will be deemed to have agreed to comply with the requirements of the Final Draft Design-Build Agreement, including by rectifying any non-compliances (material or otherwise) in its Proposal.

The Authority is not responsible for identifying all areas in which a Design Submission does not meet the requirements of the Initial Draft Design-Build Agreement. Irrespective of whether the Authority has identified or has failed to identify any such areas, the Proponent is not relieved in any way from meeting the requirements of this RFP, and will not be relieved from meeting all requirements of the Initial Draft

Design-Build Agreement, including by rectifying any non-compliances (material or otherwise) in its Proposal.

9 CONTRACT AWARD

9.1 CONTRACT EXECUTION

9.1.1 Design-Build Agreement

If the Authority is satisfied with a Financial Submission submitted by the Proponent, and therefore may not require subsequent Financial Submissions, the Authority will invite the Proponent to enter into final discussions to settle all terms of the Design-Build Agreement, based on the Proponent's Proposal, including any clarifications that the Proponent may have provided during the evaluation of the Proposal.

If for any reason and at any time, the Authority determines that it is unlikely to reach final agreement with the Proponent, then the Authority may terminate the discussions with the Proponent and proceed in any manner that the Authority may decide, in consideration of its own best interests, including:

- (a) terminating the RFP Process entirely and proceeding with some or all of the Project in some other manner, including using other contractors; or
- (b) terminating the Design Early Works Agreement, and through the assignment rights, having the same design team continue the design work, and proceeding with some or all of the Project in some other manner, including using other contractors.

Any final approvals required by the Authority, such as from the Province, will be conditions precedent to the final execution or commencement of the Design-Build Agreement.

9.2 FINAL DRAFT DESIGN EARLY WORKS AGREEMENT AND FINAL DRAFT DESIGN-BUILD AGREEMENT

It is the intention of the Authority that:

- (a) any issues with respect to the Initial Draft Design Early Works Agreement and Initial Draft Design-Build Agreement will be discussed during the Collaborative Meetings and fully considered prior to issuance of the Final Draft Early Works Agreement and Final Draft Design-Build Agreement; and
- (b) once issued, the Final Draft Design Early Works Agreement and Final Draft Design-Build Agreement will not be further substantively modified and will be executed by the Proponent without further substantive amendment, except for changes, modifications and additions:
 - (1) relating to the determination by the Authority, in its discretion, of which:
 - i. parts, if any, of the Proposal are to be incorporated by reference or otherwise, into the Design Early Works Agreement and Design-Build

Agreement or otherwise pursuant to express provisions of the Design Early Works Agreement and Design-Build Agreement.

- (2) to those provisions or parts of the Final Draft Design Early Works Agreement and Final Draft Design-Build Agreement that are indicated as being subject to completion or finalization, or which the Authority determines in its discretion require completion or finalization, including provisions that require:
 - i. modification or the insertion or addition of information relating to the Design-Builders formation (e.g., corporate, partnership or trust structure); and
 - ii. modification or the insertion or addition of information in order to reflect accurately the nature of the Design-Builder's relationships with its principal subcontractors (including each of the project contractors);
- (3) required by the Authority to complete, based on the Proposal, any provision of the Final Draft Design Early Works Agreement and Final Draft Design-Build Agreement, including changes, modifications and additions contemplated in or required under the terms of the Final Draft Design Early Works Agreement and Final Draft Design-Build Agreement;
- (4) that are necessary to create or provide for a legally complete, enforceable and binding agreement;
- (5) that enhance clarity in legal drafting; or
- (6) that reflect Acceptable Equivalents in accordance with Section 7.14.

The Authority also reserves the right, in its discretion, to negotiate changes to the Final Draft Design Early Works Agreement and Final Draft Design-Build Agreement and to the Proponent's Proposal.

Upon Contract Execution, the Design-Build Agreement, and the instruments and documents to be executed and delivered pursuant to it, supersede (except as expressly incorporated therein) the RFP, the Design Early Works Agreement, and the Proposal submitted in respect of the Design-Builder.

9.3 DEBRIEF

The Authority will, following Contract Execution, upon request from the Proponent within 60 days of Contract Execution, conduct a debriefing for the Proponent.

10 CONFLICT OF INTEREST AND RELATIONSHIP DISCLOSURE

10.1 RESERVATION OF RIGHTS TO DISQUALIFY

The Authority reserves the right to disqualify the Proponent if in the Authority's opinion, the Proponent has a conflict of interest or an unfair advantage against the Authority, whether real, perceived, existing now or likely to arise in the future, or may permit the Proponent to continue and impose such conditions as the Authority may consider to be in the public interest or otherwise required by the Authority.

10.2 RELATIONSHIP DISCLOSURE

The Proponent, including each member of the Proponent Team, should fully disclose all relationships they may have with the Authority, any Restricted Party, or any other person providing advice or services to the Authority with respect to the Project or any other matter that gives rise, or might give rise, to a conflict of interest or an unfair advantage against the Authority:

- (a) by submission of completed Relationship Disclosure Forms with its Proposal; and
- (b) at any time during the RFP Process by written notice addressed to the Contact Person promptly after becoming aware of any such relationship.

At the time of such disclosure, the Proponent will include sufficient information and documentation to demonstrate that appropriate measures have been, or will be, implemented to mitigate, minimize or eliminate the actual, perceived or potential conflict of interest or unfair advantage, as applicable. The Proponent will provide such additional information and documentation and implement such additional measures as the Authority or the conflict of interest adjudicator (the "**COI Adjudicator**") may require in its discretion in connection with the consideration of the disclosed relationship and proposed measures.

10.3 USE OR INCLUSION OF RESTRICTED PARTIES

The Authority may, in its discretion, disqualify the Proponent, or may permit the Proponent to continue and impose such conditions as the Authority may consider to be in the public interest or otherwise required by the Authority, if the Proponent uses a Restricted Party:

- (a) to advise or otherwise assist the Proponent respecting the Proponent's participation in the RFP Process; or
- (b) as a Proponent Team member or as an employee, advisor or consultant to the Proponent or a Proponent Team member.

The Proponent is responsible to ensure that neither the Proponent nor any Proponent Team member uses or seeks advice or assistance from any Restricted Party, or includes any Restricted Party in the Proponent Team.

11 RFP TERMS AND CONDITIONS

11.1 NO OBLIGATION TO PROCEED

This RFP does not commit the Authority to enter into a Design Early Works Agreement or a Design-Build Agreement, and the Authority reserves the complete right to at any time reject a Proposal, and to terminate this RFP and the RFP Process and proceed with the Project in some other manner.

11.2 NO CONTRACT

Other than to the extent provided in the Participation Agreement, this RFP is not a contract between the Authority and the Proponent, nor is this RFP an offer or an agreement to purchase work, goods or services. No contract of any kind for work, goods or services whatsoever is formed under, or arises from this RFP, or as a result of, or in connection with, the submission of a Proposal, unless the Authority and the Proponent execute and deliver the Design-Build Agreement, and then only to the extent expressly set out in the Design-Build Agreement.

11.3 FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY ACT

All documents and other records in the custody of, or under the control of, the Authority are subject to the Freedom of Information and Protection of Privacy Act (“**FOIPPA**”) and other applicable legislation.

By submitting a Proposal, the Proponent represents and warrants to the Authority that the Proponent has complied with applicable Laws, including by obtaining from each person any required consents and authorizations to the collection of information relating to such individual and to the submission of such information to the Authority and the use, distribution and disclosure of such information as part of the Proposal for the purposes of, or in connection with, this RFP and the RFP Process.

- (b) accept or reject any Proposal based on the Authority's evaluation of the Proposals in accordance with Appendix A;
- (c) waive a defect, irregularity, non-conformity or non-compliance in or with respect to a Proposal or failure to comply with the requirements of this RFP, and accept that Proposal even if such a defect, irregularity, non-conformity or non-compliance or failure to comply with the requirements of this RFP would otherwise render the Proposal null and void;
- (d) reject, disqualify or not accept any Proposals without any obligation, compensation or reimbursement to the Proponent or any of its team members;
- (e) re-advertise for new Proposals to this or a modified RFP, call for quotes, proposals or tenders, or enter into negotiations for this Project or for work of a similar nature;

- (e) the word “including” when used in this RFP is not to be read as limiting;
- (f) a reference to a “person” includes a reference to an individual, legal personal representative, corporation, body corporate, firm, partnership, trust, trustee, syndicate, joint venture, limited liability company, association, unincorporated organization, union or government authority;
- (g) each Appendix attached to this RFP is an integral part of this RFP as if set out at length in the body of this RFP; and
- (h) this RFP may be subject to the terms of one or more trade agreements.

APPENDIX A EVALUATION OF PROPOSALS

The Authority will evaluate the Proposals in accordance with this Appendix A.

1. DESIGN SUBMISSION

Subject to the terms of this RFP, the Authority will evaluate the Design Submission to determine whether the Authority is satisfied that the Design Submission substantially meets the following requirements:

- (a) the provisions of this RFP, including the requirements set out in:
 - (1) Appendix B of this RFP; and
 - (2) the Final Draft Design Early Works Agreement.
- (b) demonstration that the fixed price proposed in the Design Submission to enter into the Design Early Works Agreement is reasonable, provides value to the Authority, and does not negatively impact the overall affordability of the Project including the ability to enter into the Design-Build Agreement under the Design-Build Price Ceiling;
- (c) demonstration that the Proponent has a good understanding of the Design and the obligations of the Design-Builder under the Design Early Works Agreement; and
- (d) demonstration that the Proponent is capable of:
 - (1) performing the obligations and responsibilities of the Design-Builder; and
 - (2) delivering the design services in accordance with the Design Early Works Agreement.

If the Authority is not satisfied that the Design Submission substantially meets the above requirements, in particular regarding the fixed prices proposed for the Design Early Works Agreement, the Authority may reject the Design Submission and proceed to negotiate with the Proponent, or terminate the process with the Proponent.

The Authority will also evaluate the Design Submission against the criteria described in the Design Submission section of Appendix B.

2. FINANCIAL SUBMISSIONS

Subject to the terms of this RFP, following the execution of the Design Early Works Agreement, the Proponent will submit a Financial Submission at each of the following times:

- (a) Submission Time for First Financial Submission; and
- (b) Submission Time for Second Financial Submission.

The Authority will evaluate a Financial Submission to determine whether the Authority is satisfied that the Financial Submission substantially meets the following requirements:

- (c) in accordance with Section 5.1 of the RFP, the Aggregated Nominal Cost of the Proposal as at the Submission Times for Financial Submissions does not exceed the Design-Build Price Ceiling; and
- (d) the provisions of this RFP, including the requirements set out in:
 - (1) Appendix B of this RFP;
 - (2) the Final Draft Design-Build Agreement; and
 - (3) the Phase Three Construction Management Service Contract.

- (f) The Proponent has the financial capacity to meet the obligations of the Project.

If the Authority is not satisfied that a Financial Submission substantially meets the above requirements, it is expected that the Proponent will work with the Authority to identify the challenges with that Financial Submission and to address those issues in preparation for the next Financial Submission. The Authority may accept or reject a Financial Submission, negotiate with the Proponent, or terminate the process with the Proponent. After the Second Financial Submission, if that Financial Submission is not accepted by the Authority, the Authority will proceed as it determines in its discretion, including inviting the Proponent to submit additional Financial Submissions up to 100 per cent of Design by Addendum.

Notwithstanding the affordability requirements identified above in (c), the Authority will also evaluate to ensure there is value in the Financial Submission and the pricing is efficient in consideration of market conditions at the time. The Authority may use professional quantity surveyors and/or check pricing via another construction firm (for price validation, not for executing a contract with this other construction firm) to support and validate the Nominal Cost of the Proposal developed by the Proponent. The Proponent is expected to provide the Authority with access to completed tender pricing prior to execution of the Design-Build Agreement. The Authority also reserves the right to use an open-book process if a Financial Submission is deemed unreasonable by the Authority.

The Authority will also evaluate Financial Submissions against the criteria described in the Financial Submission section of Appendix B.

Re: Royal Columbian Hospital Redevelopment Phases Two and Three – Participation Agreement in respect of the Request for Proposals issued by Fraser Health Authority (the “**Authority**”) on [Insert Month, Day Year], as amended or otherwise clarified from time to time, including by all Addenda (the “**RFP**”)

This letter agreement sets out the terms and conditions of the Participation Agreement between [Insert Name of Proponent] (the “**Proponent**”) and the Authority, pursuant to which the Proponent agrees with the Authority as follows:

- (a) **Defined Terms.** Capitalized terms not otherwise defined in this Participation Agreement have the meanings given to them in the RFP
- (b) **Participation.** The Proponent agrees that as a condition of participating in the RFP, including the RFP Process, Collaborative Meetings and access to the Data Room, the Proponent will comply with the terms of this Participation Agreement and the terms of the RFP.
- (c) **Confidentiality.** The Proponent will comply with, and will ensure that all of the Proponent Team members and others associated with the Proponent also comply with, the confidentiality conditions attached as Schedule 1 to this Participation Agreement, all of which conditions are expressly included as part of this Participation Agreement.
- (d) **Terms of RFP.** The Proponent will comply with and be bound by, and will ensure that all of the Proponent Team members and others associated with the Proponent also comply with and are bound by, the provisions of the RFP, all of which are incorporated into this Participation Agreement by reference. Without limiting the foregoing the Proponent agrees:
 - (1) that the terms of this Participation Agreement do not limit the Proponent’s obligations and requirements under the RFP, any Data Room agreement, or any other document or requirement of the Authority;

- (2) to be bound by the disclaimers, limitations and waivers of liability and claims and any indemnities contained in the RFP, including Section 10.13 (Limitation of Damages) of the RFP;

(e) **Amendments.** The Proponent acknowledges and agrees that:

- (1) the Authority may in its sole and absolute discretion amend the RFP at any time and from time to time; and
- (2) by submitting a Proposal the Proponent accepts, and agrees to comply with, all such amendments and, if the Proponent does not agree to any such amendment, the Proponent's sole recourse is not to submit a Proposal.

(f) **General.**

- (1) *Capacity to Enter Agreement.* The Proponent hereby represents and warrants that:
 - i. it has the requisite power, authority and capacity to execute and deliver this Participation Agreement;
 - i. this Participation Agreement has been duly and validly executed by it, or on its behalf by the Proponent's duly authorized representatives; and
 - ii. this Participation Agreement constitutes a legal, valid and binding agreement enforceable against it in accordance with its terms.
- (2) *Survival following cancellation of the RFP.* Notwithstanding anything else in this Participation Agreement, if the Authority, for any reason, cancels the RFP Process or the RFP, the Proponent agrees that it continues to be bound by, and will continue to comply with, Sections (c) of this Participation Agreement.
- (3) *Severability.* If any portion of this Participation Agreement is found to be invalid or unenforceable by law by a court of competent jurisdiction, then that portion will be severed and the remaining portion will remain in full force and effect.
- (4) *Enurement.* This Participation Agreement enures to the benefit of the Authority and binds the Proponent and its successors.
- (5) *Applicable Law.* This Participation Agreement is deemed to be made pursuant to the laws of the Province of British Columbia and the laws of Canada applicable therein and will be governed by and construed in accordance with such laws.
- (6) *Headings.* The use of headings is for convenience only and headings are not to be used in the interpretation of this Participation Agreement.

- (7) *Gender and Number.* In this Participation Agreement, words imputing any gender include all genders, as the context requires, and words in the singular include the plural and vice versa.
- (8) *Including.* The word including when used in this Participation Agreement is not to be read as limiting.

Yours truly,
