Nathan Salomon, CFA
Project Director
partnerships British Columbia

Dear Nathan:

Re: Eric Hamber Secondary School Replacement Project - RFP

I was appointed Fairness Monitor on this Project on January 9, 2019. I submitted my report on the RFQ process on April 9, 2019. This constitutes my report on the RFP process to the point of choice of preferred proponent.

In my capacity as Fairness Monitor I have reviewed the RFP and Evaluation Guidelines for the Project. In addition, either I or one of my alternates attended several meetings during the RFP process including six collaboratives meetings, evaluation committee meetings, scored elements consensus meetings and technical review meetings. Additionally I was copied on and reviewed correspondence exchanged between the Project Team and the Proponents during the course of the RFP process.

During the foregoing activities, when fairness concerns arose I was satisfied that they were resolved in a fair and transparent manner without any resulting unfair advantage being gained by any one or more of the Proponents.

Based on the information that has been made available to me during the RFP process, and during our participation in the foregoing activities, I am satisfied that the Project Team's evaluation of the proposals submitted was conducted in a fair and transparent manner and with all due regard to the terms and conditions of the RFP, Evaluation Guidelines and applicable fairness principles. Additionally, those responsible for managing the RFP process should be commended for their keen awareness and the need to abide by fairness principles throughout the RFP process on this Project.

Respectfully submitted,

John R. Singleton, Q.C.
