1 Introduction

1.1 Project Overview

The Project consists of designing and constructing improvements to a technically challenging section of the Trans-Canada Highway 1 (“TCH”) extending from the eastern limit of the recently completed Illecillewaet Four-Laning Project near the Jumping Creek Road intersection to the west end of the MacDonald Snowshed. The TCH is the primary east-west connection through BC providing a gateway to the rest of Canada, and a vital route for travel, tourism, and trade. Upgrading this highway will enhance capacity, reliability, and safety for road users.

The Project is located approximately 40 kilometres east of Revelstoke, BC along the TCH between Glacier National Park and Mount Revelstoke National Park. This section of the TCH is a priority transportation corridor for the interprovincial movement of people, goods, and services. Its proximity to renowned National Parks supports tourism and serves several outdoor recreational activities including skiing, hiking, rafting, and biking. The Project will:

- ▶ improve travel time, capacity, and reliability along the TCH;
- ▶ improve safety for all modes of transportation;
- ▶ support the efficient interprovincial movement of people, goods, and services between Alberta and British Columbia; and
- ▶ extend the expected life of this section of the TCH.

1.2 Eligibility to Participate in this RFP

Through a request for qualifications (“RFQ”) issued August 2, 2023, the following three Respondents were identified as eligible to receive this RFP and to be invited to participate further in the Competitive Selection Process as Proponents:

- ▶ Emil Anderson Construction;
- ▶ Jumping Creek Constructors; and
- ▶ Kiewit Infrastructure BC ULC;

As a condition of participating in this RFP, each Proponent must sign and deliver to the Contact Person a Proponent Agreement, substantially in the form set out in Appendix G to the RFQ, or otherwise acceptable to the Province, at its discretion. A Proponent will not be permitted to participate further in the Competitive Selection Process unless and until it has signed and delivered a Proponent Agreement as required by this section.

1.3 Request for Proposals Overview

The Province is issuing this RFP as part of the Competitive Selection Process for the Project. It is anticipated that through the Competitive Selection Process one of the Proponents will be identified as eligible to be selected as the Preferred Proponent and be offered the opportunity to enter into a Design-Build Agreement (“DBA”) for the delivery of the Project.

1.3.1 RFP Structure

This RFP contains the following three volumes:

- ▶ Volume 1 – Instructions to Proponents;
- ▶ Volume 2 – Draft DBA; and
- ▶ Volume 3 – Forms.

2 Overview of Design-Build Agreement, BCIB-Contractor Agreement, and Project Work

The DBA will set out the rights and obligations of the parties in respect of the Project and will contain, among other things, the technical specifications for the Design and Construction of the Project, the scope of the services to be provided by the Design-Builder and other commercial terms.

The BCIB-Contractor Agreement (“BCA”) will set out, among other things, the requirements for the supply of relevant labour to the Design-Builder. Applicable Subcontractors (as defined in the BCA) will enter into separate BCIB-Subcontractor Agreements (“BSA”) setting out, among other things, the requirements for the supply of relevant labour to those entities. The draft form of the BSA is appended to the Draft BCA.

The Draft DBA and Draft BCA will be developed through processes, further detailed in this RFP, that include:

- (a) issuance of a Draft DBA (which includes the Draft BCA) as Volume 2 of this RFP;
- (b) consideration of comments, issues and proposed amendments from Proponents on the Draft DBA and Draft BCA, submitted in writing and as part of Workshops, Topic Meetings and RFIs;
- (c) incorporation of amendments by Addenda into the initial and any revised form of Draft DBA and Draft BCA, which amendments may address any such Proponent comments; and
- (d) issuance by Addendum of a Definitive DBA (which includes the Definitive BCA) as Volume 2 of this RFP.

Any description or overview of either the Draft DBA, the Definitive DBA, the Draft BCA and/or the Definitive BCA in Volume 1 of this RFP is provided for convenience only and does not supersede, supplement, or alter the Draft DBA, the Definitive DBA, the Draft BCA and/or the Definitive BCA, as applicable. If there are any inconsistencies between the terms of either the Draft DBA, the Definitive DBA, the Draft BCA and/or the Definitive BCA and the description of those terms set out in Volume 1 of this RFP, the terms of the Draft DBA, the Definitive DBA, the Draft BCA and/or the Definitive BCA, as applicable, will prevail.

2.1 Design-Build Agreement Parties

The parties to the DBA will be the Province, the British Columbia Transportation Financing Authority (“BCTFA”), and the Design-Builder.

2.2 Design and Construction

The Design-Builder will be required to carry out all aspects of Design and Construction in accordance with the DBA.

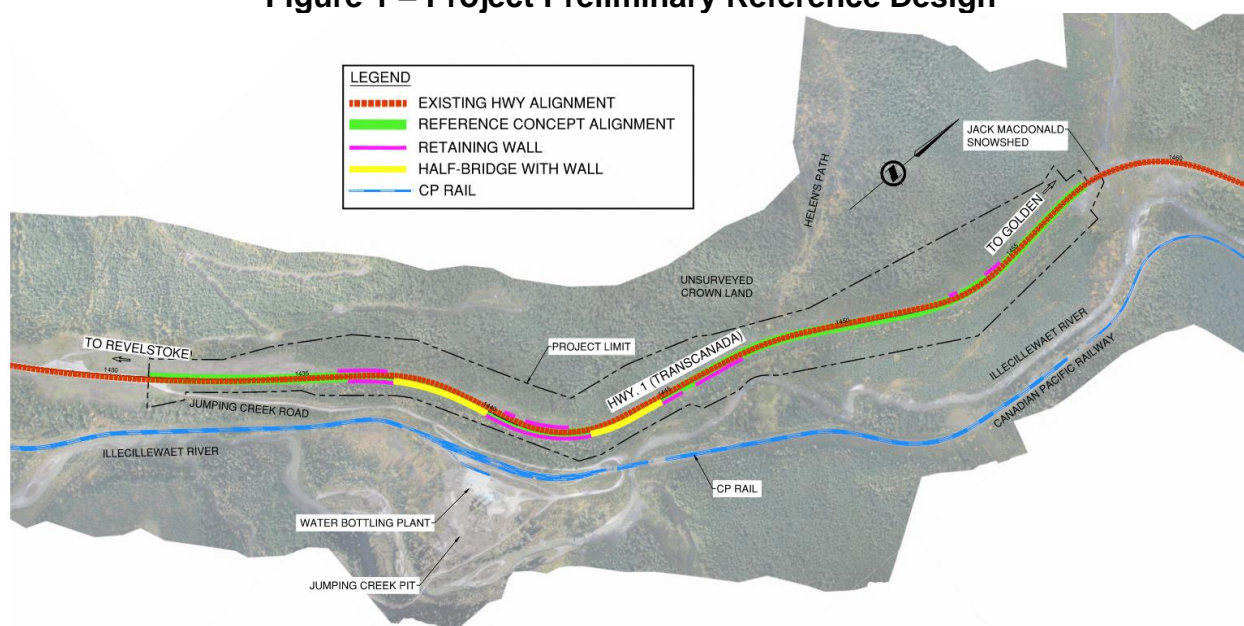

A summary of the Design and Construction scope is provided in Table 1 below. This summary should not be considered exhaustive in terms of Design and Construction responsibilities or complete in terms of the scope, all of which are fully set out in the DBA.

Table 1 – Summary of Design and Construction Scope

- ▶ Detailed design and construction of improvements to 2.6 kilometres of highway including realignment and upgrading of two and three-lane undivided highway to a four-lane 100 km/h divided highway;
- ▶ Improve highway drainage;
- ▶ Infrastructure upgrades for climate change resiliency;
- ▶ Mitigate rockfall and avalanche hazards;
- ▶ Perform traffic management in active construction areas without an alternate route;
- ▶ Coordinate construction activities with CPKC;
- ▶ Protect and relocate utilities as required to accommodate the design;
- ▶ Maintain highway infrastructure to specified standards during construction (including pavement, structures, drainage, etc.);
- ▶ Adhere to quality, health and safety, communications, environmental, and archaeological requirements; and
- ▶ Engage with the Identified Indigenous Groups in accordance with requirements.

The Province has developed a Reference Concept design for the Project that is the basis for available property acquisition, environmental requirements, site preparations and budget estimates. Proponents are encouraged to develop Proposals that may differ or vary from the Reference Concept and that comply with the requirements of the DBA.

Figure 1 – Project Preliminary Reference Design

The Reference Concept should not be relied upon by Proponents. It is for illustrative and general guidance purposes only and does not relieve the Design-Builder in any way of all responsibility for the design of the Project.

2.2.1 Community Benefits

A Community Benefits Agreement (“CBA”) was executed between BC Infrastructure Benefits Inc. (“BCIB”) and the Allied Infrastructure and Related Construction Council of BC (“AIRCC”) in July 2018, as may have been amended, supplemented, or restated. The CBA will be included in the Data Room and will contain an Appendix identifying how the CBA is relevant to the Project.

The Design-Builder and Applicable Subcontractors will be required to independently enter into agreements with BCIB (the “BCIB-Contractor Agreement” and the “BCIB-Subcontractor Agreement”, respectively) for supply of relevant labour for the Project.

BCIB and the AIRCC agreed to accelerate bargaining of CBA wage and monetary items (as described in CBA Article 13) to ensure CBA wages remain competitive with market rates. At the time of this RFP issuance, BCIB is in the process of finalizing revisions to the CBA wage rate tables that resulted from this renegotiation. These revised tables will be provided in the Data Room prior to the Financial Submittal Deadline. Before the revised tables are available, Proponents can apply anticipated changes to the CBA wage tables using the formulas and information provided in the “CBA Wages and Monetary Items Update” document, which is available in the Data Room.

Additional information about BCIB and the CBA is available at: <https://www.bcib.ca/>.

2.2.2 Identified Indigenous Groups

The Province is in discussions with Splatsin, the lead on behalf of the Identified Indigenous Groups, regarding opportunities and corresponding methods of communications between the Identified Indigenous Groups, the Province and the Design-Builder. The Design-Builder's requirements with respect to Identified Indigenous Groups will be set out in the DBA. It is anticipated that the Design-Builder will be required to engage with the Identified Indigenous Groups directly, and/or assist the Province in engaging with the Identified Indigenous Groups regarding project plans, updates, and issues of interest to Identified Indigenous Groups. It is also anticipated that the Design-Builder will be required to meet specified targets for contracting opportunities in relation to benefit agreements negotiated with the Identified Indigenous Groups.

2.2.3 Utilities

Utility Work is anticipated to be limited to the provision of a new casing, relocation of existing water line, protection of existing water supply infrastructure associated with the adjacent water bottling plant, a Telus utility duct running the length of the Project, and other miscellaneous works.

The Province has contacted and received information from Utility Suppliers, including location data. This data is available to the Proponents in the Data Room, subject to the terms of use applicable to the Data Room.

The DBA sets out requirements for the Utility Work and indicates where the Design-Builder is entitled to take the benefit of, or exercise rights under, the Utility Agreements.

2.2.4 Traffic Management

The Design-Builder will be required to comply with Traffic Management provisions set out in the DBA. In accordance with the DBA, the Design-Builder will be required to make payments to the Province if the traffic management requirements set out in the DBA are not met.

2.2.5 Operations and Maintenance

The Design-Builder will be responsible for operations and maintenance of the Project Site, excluding routine winter maintenance, until Substantial Completion.

2.2.6 Archaeology

The Design-Builder will be required to undertake the Project Work in a manner that avoids non-permitted disturbances to archaeological and heritage objects. The Design-Builder will be required to comply with the Archaeological Chance Find Procedure set out in the DBA.

2.2.7 Acceptable Equivalent

The Design and Construction requirements in the DBA are intended to generally be performance-based, but include, in some instances, specific requirements related to Design and Construction that the Province considers are important to meet its objectives. However, the Province wishes to provide some flexibility for Proponents to propose equivalent alternatives that, when considered by the Province at its discretion, continue to meet the Province's objectives (each an "Acceptable Equivalent").

Proponents should consider, when contemplating an Acceptable Equivalent proposal, requesting a Topic Meeting with the Province early in the RFP period to discuss the proposal and any potential barriers to its acceptance by the Province before investing significantly in its development. Acceptable Equivalent proposals that have operating period implications or require exceptions to the BC Ministry of Transportation and Infrastructure standards, agreement from third parties, and/or substantial amendments to the Design and Construction requirements may require more time to evaluate and are less likely to be accepted.

The Proponents may submit an RFI marked "Commercial in Confidence – Acceptable Equivalent" that identifies the applicable section(s) in the Design and Construction requirements and the Proponent's proposed equivalent that it considers will be equal to or better than the specified requirement(s) and still meet the Province's objectives, along with supporting materials. Proponents are encouraged to submit RFIs marked "Commercial in Confidence – Acceptable Equivalent" at an early date to permit consideration by the Province; at least 35 Business Days prior to the Technical Submittal Deadline is recommended.

The Province may, at its discretion:

- (a) respond to indicate that the proposed equivalent is acceptable;
- (b) respond to indicate that the proposed equivalent is acceptable subject to the Proponent's compliance with any conditions identified by the Province;
- (c) respond to indicate that the Province does not consider the proposed equivalent to be acceptable;
- (d) request clarification, further information, or additional material;
- (e) not respond to the RFI; or
- (f) provide any other response in accordance with Section 3.3 of Volume 1 of this RFP.

The provisions of Section 3.3 of Volume 1 of this RFP relating to "Commercial in Confidence" RFIs will apply, including with respect to withdrawal of an RFI, RFIs by more than one Proponent on the same or similar topics, or the Province's determination if there is a matter which should be brought to the attention of all Proponents.

If the Province responds to a “Commercial in Confidence” RFI, or responds to any RFI that is not “Commercial in Confidence”, regarding a proposed equivalent to indicate that the proposed equivalent is acceptable, a Proponent may make its Technical Submittal on the basis of the response, and the use of the Acceptable Equivalent will not in and of itself be a failure to meet the requirements set out in Appendix B to Volume 1 of this RFP.

Unless the Province responds to indicate that a proposed equivalent is acceptable, use by a Proponent of a proposed equivalent may not substantially meet the requirements set out in Appendix B to Volume 1 of this RFP in which case the Province may choose at its discretion not to invite the Proponent to provide a Financial Submittal.

The Province will be under no obligation to provide an indication of acceptability of the proposed equivalent to the Proponent or to any other Proponent.

Despite any indication by the Province of the acceptability of an equivalent, the Design-Builder remains responsible for fulfilling all of its obligations and responsibilities under the DBA.

Following selection of the Preferred Proponent, the DBA will, in accordance with Section 3.11 of Volume 1 of this RFP, be amended to include all Acceptable Equivalent(s) used by that Preferred Proponent, or negotiated by the Province and the Preferred Proponent, whether or not proposed by any other Proponent.

2.3 Communications and Engagement

The Design-Builder’s obligations regarding communications and engagement are set out in the DBA. Key communications responsibilities include but are not limited to:

- (a) notification of construction activities;
- (b) traffic and incident management communications;
- (c) enquiry-response management; and
- (d) supporting the Province’s consultation and media relations activities.

The Design-Builder will be responsible for developing and implementing traffic communications plans and providing a comprehensive traffic communications program for the duration of the Project, which will support the Province in providing the public, Interested Parties, and traffic media with regular and timely traffic information.

2.4 Environmental

The Project does not require an environmental assessment pursuant to the British Columbia Environmental Assessment Act (SBC 2018, c.51) or the federal Impact Assessment Act (S.C. 2019, c.28, s.1).

The Province has completed an Environmental Assessment Report that describes the potential effects of the Project on the terrestrial and aquatic environment and sets out site-specific environmental avoidance and mitigation measures. The Environmental Assessment Report is available to Proponents in the Data Room.

The Design-Builder will be required to perform the Project Work in compliance with all applicable environmental obligations, including those described in the DBA.

The Design-Builder will be required to complete a Construction Environmental Management Plan to meet the requirements of the DBA. A framework for the Construction Environmental Management Plan developed by the Province will be made available in the Data Room.

2.5 Lands

The Province will, subject to the requirements of this RFP and the DBA, acquire all lands and land interests identified as Project Lands, as shown on the Land Identification Drawings. The Design-Builder will be provided access to the Project Lands in accordance with the DBA. No ownership or other registrable interest in such Project Lands will be transferred to the Design-Builder.

2.6 Quality Management

The Design-Builder will be required to develop and implement a Quality Management System in accordance with the DBA and the ISO 9001:2015 Standard. The Design-Builder will undertake internal and external quality audits of the Quality Management System throughout the Term as required under the DBA.

The Design-Builder will be required to meet certain requirements for testing and inspection at origin, and re-inspection in Canada, of structural components that have been manufactured or fabricated outside of Canada or the United States, as set out in the DBA.

2.7 Canadian Pacific Kansas City Limited (“CPKC”)

The Project interfaces with a railway, managed and operated by CPKC, which has infrastructure adjacent to the Project Lands. The railway is a critical link in CPKC’s transcontinental railway system and the Design-Builder will be responsible for coordinating Project activities with CPKC and protecting CPKC infrastructure and operations from any damages that might be caused by construction of the Project.

2.8 Work by Others

The Design-Builder shall cooperate and coordinate with other parties involved in the Project, or working in proximity to the Project, so as not to interfere with each other’s

work, and to ensure the efficient coordination of each other's work, and the resolution and/or mitigation of any concerns, including but not limited to:

- (a) coordination and compliance with the emergency activities of the Province's highway maintenance contractor(s);
- (b) coordination with the maintenance activities of the Province's highway maintenance contractor(s); and
- (c) cooperation and coordination with CPKC, Parks Canada, the adjacent water bottling plant, and other parties conducting work in proximity to the Project so as to not interfere with each other's work.

2.9 Respect in the Workplace

An objective of the Province is to have a workplace that is free of racism and discrimination and is culturally safe and respectful. To support this objective, the Province requires a commitment by the Design-Builder to develop and implement appropriate policies and training which the Design-Builder will be required to implement in the development of the Project. In addition, approval of suitable policies and a training plan will be a requirement of the Design-Build Agreement and a pre-requisite for construction to commence.

2.10 Payments and Performance Mechanism

The Design-Builder will receive Progress Payments, and will be required to comply with a performance mechanism, in accordance with the terms of the DBA.

2.10.1 Payments and Warranties

Each Progress Payment will be subject to a 5% Progress Payment Holdback. Upon Substantial Completion, the Province will release the Progress Payment Holdback amount minus a Deficiency Holdback and a Warranty Holdback, both described in the DBA. The Design-Builder will be required to remedy Project Work Defects during the General Project Work Defect Warranty Period.

2.10.2 Key Aspects of the Performance Mechanism

The DBA includes a performance mechanism which may, subject to and in accordance with its terms, trigger payment obligations of the Design-Builder to the Province and/or the accumulation of Non-Compliance Event ("NCE") Points and/or Default Points as set out in the DBA.

2.10.3 Liquidated Damages

The Design-Builder will be required to pay Delay Liquidated Damages in accordance with Schedule 9 [Performance Mechanism] and Schedule 10 [Payment] of the DBA if the Design-Builder fails to achieve Substantial Completion by the Substantial Completion Target Date.

2.10.4 Performance Security

The Design-Builder will be required to obtain a \$70 million performance bond and a \$70 million labour and materials payment bond written by a surety or sureties authorized to conduct business in Canada.

3 Overview of RFP Process

The purpose of the RFP phase of the Competitive Selection Process is to invite the Proponents to prepare and submit Proposals for the Project. It is anticipated that, subject to the provisions of this RFP, an eligible Proponent will be selected as Preferred Proponent and be offered the opportunity to enter into the DBA for the delivery of the Project.

Eligibility to continue in the Competitive Selection Process and participate in the RFP phase, to the extent expressly provided for in this RFP, is conditional on:

- (a) the Proponent being identified as a shortlisted Respondent pursuant to the RFQ;
- (b) the Proponent and each of the Proponent Team Members executing and delivering:
 - i.) the Proponent Agreement;
 - ii.) the releases and waivers attached as Form 9 of Volume 3 of this RFP, as and when required in accordance with this RFP;
- (c) the Proponent observing and ensuring that its Proponent Team Members observe the provisions of this RFP, including observing and satisfying and ensuring that its Proponent Team Members observe and satisfy the terms and conditions that may be required, or otherwise established by the Province, in respect of any waiver or permission to be issued by the Province under this RFP;
- (d) the Proponent observing and complying with and ensuring that its Proponent Team Members observe and comply with the terms of the Proponent Agreement; and
- (e) the Proponent submitting a Proposal that substantially satisfies the provisions of this RFP.

Any failure or failures on the part of the Proponent or on the part of any Proponent Team Member to observe, satisfy, or comply with such provisions, terms, and conditions, may result in the Proponent being:

- (f) ineligible to continue further in the Competitive Selection Process; and/or
- (g) ineligible to receive any further invitations or information in connection with the Competitive Selection Process.

3.1 Affordability Requirement

As part of their Proposals, Proponents are required to calculate a Contract Price Proposal in accordance with Section 3.2 of Volume 1 of this RFP. The Contract Price Proposal included in a Proponent's Proposal will be evaluated to determine whether it is less than or equal to the Affordability Requirement, which is \$149.4 million in nominal dollars. The Contract Price Proposal should not exceed the Affordability Requirement.

The ranking of Proposals will be in accordance with the evaluation criteria set out in Appendix B of Volume 1 of this RFP.

3.2 Contract Price Proposal

The Contract Price Proposal is to be calculated by the Proponent using Form 3 of Volume 3 of this RFP.

3.3 Communications and Requests for Information

3.3.1 Communications

Proponents should only communicate with the Contact Person by email. The Province intends to communicate solely with the Proponent Representative or, if confirmed in writing to the Contact Person in advance, a delegate and may disregard communications from other persons on behalf of the Proponent during the Competitive Selection Process.

Although the Province may rely on the Proponent Representative's authority to bind the Proponent, execution of documents by the Proponent Representative is not required. The Province may rely on the authority to bind the Proponent by any person or persons representing the Proponent.

The following provisions will apply to any email communications with the Contact Person, or the delivery of documents to the Contact Person by electronic means where such email communications or electronic deliveries are permitted by the terms of this RFP:

- (a) the Province does not assume any risk, responsibility, or liability whatsoever and makes no guarantee, warranty or representation whatsoever to any Proponent:
 - i.) for ensuring that any electronic email system or computer system is in good working order, able to receive transmissions, or not engaged in receiving other transmissions such that a Proponent's transmission cannot be received; or
 - ii.) if a permitted email communication or electronic submission is not received or received in less than its entirety, within any time limit specified by this RFP; and
- (b) all permitted email communications with the Contact Person will be deemed as having been received by the Contact Person on the dates and times indicated on the Contact Person's electronic equipment.

Information offered from sources other than the Contact Person with regard to this RFP is not official, may be inaccurate, and should not be relied on in any way, for any purpose.

3.3.2 No Communication with Media or the Public

Proponents will not communicate, including by media releases or interviews, and will ensure that its Proponent Team Members, including their respective contractors, subcontractors, directors, officers, employees, consultants, advisors, representatives or agents, or any other persons associated with any of them, do not communicate, in respect of any part or parts of the Project or the Competitive Selection Process, with the media or the public without the prior written consent of the Province.

Each Proponent will notify the Province of requests for interviews or other requests from the media received by the Proponent or any of its Proponent Team Members, and their respective contractors, subcontractors, directors, officers, employees, consultants, advisors, representatives or agents, or any other persons associated with any of them, in connection with the Project or the Competitive Selection Process.

3.3.3 Requests for Information

All requests for information regarding any aspect of this RFP should be directed to the Contact Person by email using a RFI Form found in Appendix C of Volume 1 of this RFP.

The following applies to any RFI:

- (a) responses to an RFI will be in writing;
- (b) all RFIs, and all responses to RFIs from the Contact Person, will be recorded by the Province;
- (c) the Province is not required to provide a response to any RFI;
- (d) a Proponent may request that a response to an RFI be kept confidential by clearly marking the RFI “Commercial in Confidence” if the Proponent considers that the RFI is commercially confidential to the Proponent;
- (e) if the Province decides that an RFI marked “Commercial in Confidence”, or the Province’s response to such an RFI, must be distributed to all Proponents, then the Province will permit the Proponent to withdraw the RFI rather than receive a response. If the Proponent does not withdraw the RFI, then the Province may provide its response to all Proponents;
- (f) notwithstanding Sections 3.3.3 (d) and (e) of Volume 1 of this RFP:
 - i.) if one or more other Proponents submits an RFI on the same or similar topic to an RFI previously submitted by another Proponent as “Commercial in Confidence”, the Province may provide a response to such RFI to all Proponents; or
 - ii.) if the Province determines there is any matter which should be brought to the attention of all Proponents, whether or not such matter was the

subject of an RFI, including an RFI marked “Commercial in Confidence”, the Province may, at its discretion, distribute the RFI, response or information with respect to such matter to all Proponents; and

- (g) unless remaining “Commercial in Confidence” in accordance with the foregoing, the RFI will be made available in the Data Room and available to all Proponents.

3.4 Indigenous Business-to-Business Networking Events

The Province intends to coordinate two sessions with Proponent Teams and the Identified Indigenous Groups and their associated businesses in either Enderby, BC or Kamloops, BC to provide an opportunity for:

- (a) those businesses which might be interested in working with, or providing products and services to the Preferred Proponent, to meet the Proponent; and
- (b) the Proponent to enhance their knowledge, understanding and awareness of local goods and services; and
- (c) to build relationships.

3.5 Proponent Consultation Process

The Province will facilitate a consultation process with the Proponents which may include exchanges of information, discussions, and clarifications of issues through Workshops and Topic Meetings, and the submission and consideration of comments on and proposed amendments to the Draft DBA and Draft BCA. Workshops and Topic Meetings may occur after the Technical Submittal Deadline. It is expected that Workshops and Topic Meetings will be held in person in Vancouver, British Columbia and/or via videoconference.

3.5.1 Workshops and Topic Meetings

The Province expects the consultation process to include:

- (a) one or more Workshops to enable communication between the Province and the Proponents with respect to commercial and legal matters, and which will help ensure Proponents have a complete and accurate understanding of the Project, the opportunity to provide the Province with comments and feedback on material issues, including the Affordability Requirement or provisions in the Draft DBA and Draft BCA, and to discuss any suggestions they may have, all in accordance with and as further detailed in this RFP including in Section 3.5.2 of Volume 1 of this RFP;
- (b) one or more Topic Meetings to facilitate discussion between the Province and the Proponents in respect of specific topics which may be (but are not limited to) technical issues; all in accordance with and as further detailed in this RFP including Section 3.5.2 of Volume 1 of this RFP; and

- (c) any other meetings, consultations, or facilitative or facilitated processes in conjunction with or as part of the Competitive Selection Process.

At present, one Topic Meeting and two Workshops are planned, as indicated below and further referenced in Table 2 in Section 3.13 of Volume 1 of this RFP:

- (a) a Topic Meeting in the form of an all-Proponent information meeting; and
- (b) one mandatory Workshop, Workshop A, that is anticipated to include separate meetings between the Province and each Proponent to discuss the Proponent's comments and feedback on material issues including the Affordability Requirement and provisions in the RFP, Draft DBA, and Draft BCA.
- (c) one mandatory Workshop, Workshop B, between the Province and each Proponent to discuss the Proponent's comments on the Interim Financial Review Submittal.

Proponents are asked to request an additional Topic Meeting in the event that they have questions or concerns about the Affordability Requirement.

The Province may in its sole discretion from time to time, by written notice to the Proponent, deliver to the Proponent written policies and procedures clarifying, supplementing, or otherwise modifying the terms of the Workshops and Topic Meetings procedures set out in this RFP, and on issuance of such written policies and procedures, the Workshops and Topic Meetings procedures will be amended, supplemented, or replaced as applicable.

Each Proponent Team Member will:

- (a) ensure that the Proponent participates in all Workshops where required in accordance with Section 3.5.2 (a) of Volume 1 of this RFP;
- (b) observe, abide by, and comply with the terms of this RFP in respect of the Workshops and Topic Meetings;
- (c) execute and deliver a waiver and agreement in respect of the Workshops and Topic Meetings substantially in the form set out in Form 8 to Volume 3 of this RFP in advance of the first Workshop or Topic Meeting, whichever comes first; and
- (d) ensure that each individual in attendance on behalf of such Proponent Team Member at the Workshops or Topic Meetings:
 - i.) observes, abides by, and complies with the terms of this RFP in respect of Workshops and Topic Meetings; and
 - ii.) reviews, executes, and delivers to the Province before attendance of the first Workshop or Topic Meeting, a waiver and agreement substantially in the form set out in Form 8 to Volume 3 of this RFP.

The Fairness Reviewer will be invited to all Topic Meetings and Workshops.

The Province may, at its discretion, including at the request of any Proponent(s), schedule additional Workshops or Topic Meetings, if the Province considers it desirable or necessary, schedule such additional Workshops and Topic Meetings at the dates, times, and locations and for the duration that the Province considers appropriate, and hold such Workshops and Topic Meetings separately with each Proponent or together with all the Proponents.

3.5.2 Procedures for Workshops and Topic Meetings

3.5.2.1 Workshops

Unless the Province notifies the Proponents that a Workshop is optional, the Proponent, including relevant Key Individuals, will attend each Workshop and may, subject to any restrictions established by the Province on prior written notice to the Proponent, determine the appropriate representative or representatives, including the number of representatives, who will attend each Workshop on behalf of such Proponent.

Each Proponent, including relevant Key Individuals, will attend all Workshops that are designated by the Province as optional, unless a Proponent provides written notice to the Province at least five business days before the scheduled Workshop date that such Proponent has declined the invitation to attend, provided that the Province may proceed with the applicable Workshop with the other or others of the Proponents that have not declined attendance at any such additional optional Workshop.

3.5.2.2 Workshop Agendas and Summaries

Prior to each scheduled Workshop and not later than the date specified by the Province in its written notice to the Proponents, each Proponent will deliver to the Contact Person a list of requested agenda items including any comments relating to the affordability requirement and any issues, comments, and requested amendments to the Draft DBA and Draft BCA proposed to be discussed at such Workshop.

Any issues, comments, and requested amendments to the Draft DBA and Draft BCA should be submitted in table format, identifying the Draft DBA and Draft BCA wording that is the subject of the issue, the comment or requested amendment, highlighting the Proponent's priorities, and setting out the corresponding summary of the issue or comments, and where applicable the requested substitute wording and accompanying memorandum summarizing the rationale for the requested amendment.

3.5.2.3 Topic Meetings

Attendance at Topic Meetings is not mandatory, and the Proponent or any of the other Proponents may decline to take part in any one or more Topic Meetings, provided that the Province may proceed with a Topic Meeting or Topic Meetings with the other or

others of the Proponents that have not declined attendance at any particular Topic Meeting.

The Proponent may, subject to any restrictions established by the Province on prior written notice to the Proponent, determine the appropriate representative or representatives, including the number of representatives, who will attend each Topic Meeting on behalf of the Proponent.

3.5.3 Non-Binding Nature of Topic Meetings and Workshops

No part of the evaluation of the Proponent's Proposal will be based on:

- (a) information obtained or shared;
- (b) the conduct of the Proponent, the Proponent Team Members, other Proponents or their respective Proponent Team Members, the Province, BCTFA, BCIB, Infrastructure BC, or their respective representatives, including officers, directors, employees, consultants, agents, and advisors; or
- (c) discussions that occur;

at or during any Workshop or Topic Meeting.

In any Topic Meeting or Workshop a Proponent may seek information or comments from the Province and the Province in its sole discretion may, but in no event will be obligated to, determine whether to provide, and the timing and method for providing, any such information or comments, or any response at all.

If a Proponent wishes to have any matter confirmed, including any statement made by or on behalf of the Province at a Workshop or Topic Meeting, the Proponent will submit an RFI describing the matter and requesting that the Province confirm the matter by Response to Proponents and if the matter relates to a clarification or change to a term of this RFP, the Draft DBA or Draft BCA, requesting that the Province confirm the matter by Addendum clarifying or amending, as the case may be, the applicable term of this RFP, the Draft DBA and the Draft BCA.

3.5.4 Finalization of the DBA and BCA

The Province has issued the Draft DBA (which includes the Draft BCA) as Volume 2 of this RFP. In addition to considering comments and issues discussed in the Workshops and Topic Meetings, the Province may from time to time invite Proponents to review and submit further comments in respect of the Draft DBA and Draft BCA.

Any information or documentation provided to, or which comes to the attention of the Province at, or in connection with, any Workshops or Topic Meetings, including in, or as a result of questions raised during any such meetings, and further Proponent-requested amendments or information relating to commercially sensitive matters, may be subject to disclosure to the other Proponents in the discretion of the Province.

Proponents may submit additional comments, requested amendments, and issues following these discussions.

The Province will consider comments, issues, and requested amendments to the Draft DBA and Draft BCA received from the Proponents. Without limiting any other provision of this RFP, including Section 5.1 of Volume 1 of this RFP, the Province may at its discretion, on its own initiative, or as a result of Proponent comments or requests, at any time and from time to time, including after the Technical Submittal Deadline, by Addenda amend, restructure, or supplement the initial and any revised form of Draft DBA and Draft BCA, including by incorporating any such Proponent requested and any other changes.

The Province will issue the Definitive DBA (which includes the Definitive BCA) by Addendum as Volume 2 of this RFP.

3.6 Authorizations, Orders, and Approvals

Without limiting any other term of this RFP, the execution of the DBA and BCA are subject to the issuance of all necessary Province and governmental authorizations, orders, and approvals required in connection therewith, including the following:

- (a) any approvals required under the Financial Administration Act (British Columbia);
- (b) issuance by the Lieutenant Governor in Council of orders in council made under the Transportation Act (British Columbia); and
- (c) any other regulatory or other approvals required under the laws of the Province of British Columbia or Government of Canada.

Unless otherwise provided for in this RFP, required authorizations, orders and approvals may be obtained by the Preferred Proponent and the Province, as applicable, prior to the Effective Date.

3.7 Interim Financial Review Submittal

The Province may conduct the interim financial review as follows:

- (a) the purpose of the interim financial review is to facilitate an early review by the Province with Proponents of:
 - (i) Proponents' understanding of the Project requirements; and
 - (ii) Proponents' cost assumptions with respect to the Project requirements;
- (b) prior to the Interim Financial Review Submittal Deadline, each Proponent will submit an Interim Financial Review Submittal to the Province, including:

- (i) a completed capital cost summary table in the form of, and in accordance with the Cost Items, provided in Form 13 of Volume 3 of this RFP;
 - (ii) feedback on the categorization and description of the Cost Items and the progress measurement rules set out in Appendix 10B [Progress Measurement Principles] to Schedule 10 to the Draft DBA; and
 - (iii) preliminary plan drawings of the Proponents anticipated designs including a plan, profile and typical cross sections of the roadway and/or structures (each drawing sized to fit on 11"x17" paper).
- (c) the Province is expecting the Interim Financial Review Submittal to include cost and input assumptions in sufficient detail to allow the Province to understand the Proponent's cost base (with at least all major cost headings included);
- (d) the Province will retain each of the Interim Financial Review Submittals as strictly confidential, and will invite each Proponent, as part of Workshop B, to discuss any aspect of its Interim Financial Review Submittal, including any recommendations for amendment of the Project requirements if a Proponent determines that the Project as described will exceed the Affordability Requirement; and
- (e) a Proponent's Interim Financial Review Submittal will not be considered part of its Proposal and the Province will not consider or evaluate it as to adequacy, quality, content or otherwise as part of the evaluation process described in Appendix B of Volume 1 of this RFP.

The Province understands that the values indicated in a Proponent's Interim Financial Review Submittal are not a commitment and that any and all aspects could change in the final Proposal.

3.8 Proposal Submittal Requirements

Proposal submittal requirements are set out in detail in Appendix A of Volume 1 of this RFP, and include formatting, packaging and content requirements relating to the Proposals.

Proposals are to be delivered in the following submittals, as further described in Appendix A of Volume 1 of this RFP.

3.8.1 Technical Submittal

Proponents are to provide a Technical Submittal to the Submission Location before the Technical Submittal Deadline. The Technical Submittal is to include no pricing information.

If invited to do so pursuant to Section 3.9.3 of Volume 1 of this RFP, Proponents are to provide a Financial Submittal to the Submission Location before the Financial Submittal Deadline. The Financial Submittal is to include pricing information.

3.8.3 Submittal Deadlines and Submission Location for Proposals

The Technical Submittal and the Financial Submittal are to be received at the Submission Location, addressed to the Contact Person. Technical Submittals and Financial Submittals submitted by any other means will not be accepted.

The calendar and clock designated as the official calendar and clock by the Province at the Submission Location, whether accurate or not, will be determinative with respect to whether a Technical Submittal, including any part of a Technical Submittal, has been received before the Technical Submittal Deadline and whether a Financial Submittal, including any part of a Financial Submittal, has been received before the Financial Submittal Deadline. The Province may at any time and from time to time, by Addendum sent to the Proponents (whether or not actually received by the Proponents), amend, including by extension, the Technical Submittal Deadline and/or the Financial Submittal Deadline.

3.8.4 Intellectual Property Rights

- (a) At the time each Proponent submits its Proposal, and at any other time reasonably requested by the Province, such Proponent will deliver to the Contact Person:
 - i.) the Work Product; and
 - ii.) a List of Non-Work Product IP specifically identifying, describing and indicating the owner or owners of all Background IP and Third Party IP, categorized as such, provided that, if such specific identification and description of any Third Party IP would cause any of such Proponent's Proponent Team Member to violate any confidentiality obligations, such Proponent will disclose only:
 - A. a general identification and description of such Third Party IP;
 - B. the identity of the owner or owners of such Third Party IP and the Proponent Team Member's relationship to such owner or owners; and
 - C. the reason that the Third Party IP is not fully disclosed.

- (b) Except as otherwise agreed in writing with the Province, by being included as a Proponent Team Member of a Proponent submitting a Proposal, each Proponent Team Member hereby represents, warrants and agrees that it owns or has the rights to the Intellectual Property Rights associated with the Work Product, the Background IP and the Third Party IP provided by or on behalf of such Proponent Team Member as necessary to make the assignments and grant the licenses to the Province as set out in this RFP and has obtained waivers of moral rights from all persons as necessary to provide the waivers in favour of the Province as set out in this RFP. Subject to the Proponent Team Members' limited right to grant a license in lieu of an assignment with respect to Work Product as set out in Section 3.8.4 (f) of Volume 1 of this RFP, if for any reason any such Proponent Team Member is unable to provide any assignments, licenses or waivers as required to be provided under this RFP, such Proponent Team Member will replace the portion of the Work Product, Background IP or Third Party IP for which the assignment, license or waiver, as the case may be, cannot be provided, with an alternative product or technology that meets the Province's requirements at no additional cost to the Province.
- (c) By being included as a Proponent Team Member of a Proponent submitting a Proposal, each Proponent Team Member of such Proponent acknowledges and confirms that, at no cost to the Province:
- i.) it does irrevocably and unconditionally convey, sell, transfer and assign, to the Province, in respect of the Work Product provided by or on behalf of such Proponent Team Member, including all Intellectual Property Rights in, including the copyright works forming a part of, such Work Product:

- (e) Effective upon the date of execution of the DBA by the Design-Builder on behalf of the Proponent selected as the Preferred Proponent, the Province shall grant automatically, without the requirement for further documentation, to each Proponent Team Member of each Proponent other than the Preferred Proponent a non-exclusive, perpetual, irrevocable, worldwide, royalty-free, fully-paid, sub-licensable, transferable and assignable license to use and disclose the Work Product provided by or on behalf of such Proponent Team Member for any purpose whatsoever, and all such Proponent Team Members acknowledge that:
- i.) such Work Product is provided “as is” without warranty of any kind whether express or implied including, without limitation, implied warranties of accuracy, completeness, merchantability, or fitness for a particular purpose;
 - ii.) neither the Province nor any other of the Releasees has or will accept any liability whatsoever for any Claims in respect of such Work Product;
 - iii.) any use or disclosure of such Work Product will be at the risk of the Proponent Team Member and not the Province; and
 - iv.) nothing in this license will relieve such Proponent Team Member from any obligation of confidentiality or non-use, however arising, in any way relating to such Work Product;

provided that any license that may be granted to the Proponent Team Members of the Proponent selected as the Preferred Proponent with respect to the Work Product will be only as set out in the DBA entered into by the Design-Builder on behalf of such Proponent.

- (f) If any assignment of Intellectual Property Rights in any of the Work Product cannot, as a matter of law, be granted by the applicable Proponent Team Member to or in favour of the Province as provided in Section 3.8.4 (e) of Volume 1 of this RFP, by being included as a Proponent Team Member of a Proponent submitting a Proposal, such Proponent Team Member unconditionally grants to the Province, at no cost to the Province and effective upon delivery of the Proposal, a Complete License to any such Work Product, which license may at any time be rejected in whole or in part by the Province and, in which case, the

provisions of this Section 3.8.4 with respect to the Proponent Team Member's replacement of such Work Product shall apply.

- (g) Effective as of the date that each Proponent submits a Proposal, each Proponent Team Member of such Proponent, at no cost to the Province, unconditionally grants to the Province a Complete License to the Background IP provided by or on behalf of such Proponent Team Member for the Permitted Use.
- (h) Despite the foregoing, the Province will have no right to reverse engineer, decompile or otherwise arrive at the source code of any software included in the applicable Background IP, nor will it have the right to extract and sell, lease, license, sub-license or otherwise transfer, convey or alienate any software included in the Background IP (whether for commercial consideration or not) to any person as a stand-alone product, except as may be necessary or desirable to exploit the Work Product or otherwise in connection with the Permitted Use.
- (i) Unless the Province and the applicable Proponent Team Member expressly agree otherwise in writing, the following applies in respect of any Third Party IP:
 - i.) effective as of the date that each Proponent submits a Proposal, each of the Proponent Team Members of such Proponent, at no cost to the Province, unconditionally grants to the Province, paragraphs (ii) and (iii) of this Section 3.8.4 (i), a Complete License to the Third Party IP provided by or on behalf of such Proponent Team Member for the Permitted Use;
 - ii.) the Complete License described in subsection paragraph (i) of this Section 3.8.4 (i) does not extend to include:
 - A. any Third Party IP which consists of non-specialized, commercial off-the-shelf software programs that the Province, in its sole discretion and based on its review of the List of Non-Work Product IP, has determined that it does not require a sub-license to be provided by the applicable Proponent Team Member in order to operate, exploit or make use of the Work Product; and
 - B. any Third Party IP which the Province has been informed of and has agreed in advance in writing is, due to its specialized and proprietary nature, the proper subject matter of a Limited License;
 - iii.) regarding the Complete License described in paragraph (i) of this Section 3.8.4 (i) and any Limited License described in paragraph (ii) of this Section 3.8.4 (i), the Province will have the option from and after the selection of the Preferred Proponent, in respect of each Proponent Team Member of each Proponent not selected as the Preferred Proponent:

- A. to terminate the Complete License or the Limited License, as the case may be, with no liability to the Province, such Proponent Team Members, the owner of the Third Party IP or any other person; or
 - B. to continue the Complete License or the Limited License, as the case may be, provided that the Province will be obligated to pay all license fees associated with the use of the applicable Third Party IP from the date of the notification by the Province to the applicable Proponent that it has not been selected as the Preferred Proponent; and
- iv.) if the Complete License described in paragraph (i) of this Section 3.8.4 (i) or any Limited License described in paragraph (ii) of this Section 3.8.4 (i), as the case may be, cannot be validly granted without the consent of a Third-Party, the applicable Proponent Team Member, at the Proponent Team Member's expense, will use its best efforts to obtain such consent and, without limiting any of its other obligations, will indemnify and hold harmless the Province and each of the other Releasees from and against any and all Claims in any way and at any time arising from such Proponent Team Member's failure to obtain such consent.
- (j) Without limiting Section 3.17 of Volume 1 of this RFP, each Proponent Team Member of each Proponent will indemnify and hold harmless the Province and each of the other Releasees from and against any and all Claims in any way and at any time arising out of or in connection with:
- i.) the use, disclosure or provision to the Province of the Work Product, the Background IP and the Third Party IP or any of them by or on behalf of such Proponent Team Member; and
 - ii.) allegations or findings of infringement of Intellectual Property Rights, breach of confidence or unauthorized use by any of the Releasees of Confidential Information or Intellectual Property of other persons, or failure to obtain copyright assignments or licenses or waivers of moral rights;
- in respect of the Work Product, the Background IP and the Third Party IP or any of them provided by or on behalf of such Proponent Team Member.
- (k) By being included as a Proponent Team Member of a Proponent submitting a Proposal, each Proponent Team Member of such Proponent irrevocably designates and appoints the Province and its duly authorized officers and agents as such Proponent Team Member's agent and attorney-in-fact to act for and on behalf of such Proponent Team Member to execute, deliver and file any and all documents with the same legal force and effect as if executed by such Proponent Team Member, if the Province is unable for any reason to secure the execution by such Proponent Team Member of any document reasonably required to

assign, transfer, license, waive or register any Intellectual Property Rights contemplated under this Section 3.8.4.

The Province will, subject to the terms of this RFP, invite each Proponent that has delivered a Technical Submittal that substantially satisfies the requirements of this RFP and that otherwise is considered, in accordance with this RFP, to be eligible to receive such an invitation, to submit a Financial Submittal.

Proponents are to prepare their Financial Submittal on the basis of:

- (a) the Affordability Requirement;
- (b) the Definitive DBA, without amendment, and including any further information and documentation provided by the Province in accordance with this RFP, and

By submitting a Proposal, each Proponent agrees that:

- (a) its Proposal, including all prices and input costs, will remain fixed and irrevocable from the Financial Submittal Deadline until midnight at the end of the 90th day following the Financial Submittal Deadline (the “Proposal Validity Period”); and
- (b) after the expiry of the Proposal Validity Period, all prices and input costs in its Proposal may not be adjusted unless the Proponent provides notice to the Province of any proposed adjustment and demonstrates to the satisfaction of the Province that the Proponent has used its best efforts to continue to maintain the prices and input costs firm and valid, but that despite such best efforts, the

specified adjustments to the prices and input costs are required solely as a direct result of one or more events that:

- i.) are external to the Proponent and the Proponent Team Members;
- ii.) could not have been prevented by, and are beyond the control of, the Proponent and any of its Proponent Team Members; and
- iii.) constitute a material adverse change to the conditions underlying the prices and input costs that are subject to the adjustment, provided that on receipt of the Proponent's written notice as referenced above, the Province may at its discretion discontinue the process with the Proponent as the Preferred Proponent, if such Proponent has been so selected.

A Proponent may indicate in its Proposal a Proposal Validity Period that exceeds 90 days, which shall be the Proposal Validity Period for such Proponent in accordance with this RFP.

3.9.6 Financial Submittal Evaluation

The evaluation of the Financial Submittal will be in accordance with the evaluation criteria set out in Appendix B of Volume 1 of this RFP.

The Province will, subject to the terms of this RFP, invite the Proponent that has delivered a Proposal that:

- (a) substantially satisfies the requirements of this RFP and the Definitive DBA and the Definitive BCA;
- (b) receives the highest ranking in accordance with the evaluation criteria set out in Appendix B to Volume 1 of this RFP; and
- (c) otherwise, is considered, in accordance with this RFP, to be eligible to be selected to receive such an invitation,

to deliver the Preferred Proponent Security Deposit on or before the date and time specified by the Province.

By being included as a Proponent Team Member of a Proponent submitting a Proposal, each of the Proponent Team Members of such Proponent agree that:

- (a) such Proponent's eligibility to be considered for selection as the Preferred Proponent is conditional upon such Proponent delivering, in response to an unrevoked invitation from the Province, the Preferred Proponent Security Deposit in the amount of \$1.5 million in accordance with this RFP; and
- (b) if such Proponent does not deliver the Preferred Proponent Security Deposit to the Province in accordance with this RFP:

- i.) such Proponent will neither be eligible to be selected as the Preferred Proponent nor be eligible to receive the Stipend or the Termination Fee; and
- ii.) the Province may, in its sole discretion, do any one or more of the following:
 - A. by written notice to such Proponent, cease all negotiations with such Proponent and refrain from designating such Proponent as Preferred Proponent for all purposes in connection with the Competitive Selection Process, including this RFP;
 - B. select any other of the Proponents as the Preferred Proponent and continue with the Competitive Selection Process;
 - C. commence negotiations with any other Proponent or any other person; and
 - D. pursue any of the Derivative Activities, including any of the options available to the Province under this RFP.

3.9.8 Preferred Proponent

The Province will, subject to the terms of this RFP, select as the Preferred Proponent, the Proponent that has delivered the Preferred Proponent Security Deposit in accordance with the invitation issued pursuant to Section 3.9.7 of Volume 1 of this RFP.

3.9.8.1 Limited Notice to Proceed

The Province may, at its discretion, invite the Preferred Proponent to commence certain works, including certain design works, on substantially the terms set out in the Limited Notice to Proceed found at Form 11 of Volume 3 of this RFP.

3.9.9 Return of Preferred Proponent Security Deposit

The Province will, subject to the terms of this RFP, return the Preferred Proponent Security Deposit to the Proponent selected as the Preferred Proponent that has delivered such Preferred Proponent Security Deposit in accordance with this RFP:

- (a) within 10 days after receipt by the Province of a written demand from such Proponent, if:
 - i.) the Province issues a Termination Notice terminating the Competitive Selection Process for reasons unrelated to such Proponent and the Proponent Team Members of such Proponent; or
 - ii.) the Province fails to execute and deliver an agreement substantially in the form of the DBA contemplated to be finalized and settled in accordance with the process described in this RFP on or before the Proposal Validity Period for such Proponent after receipt by such Proponent of notification of its selection as Preferred Proponent,

provided that such failure is not a result of a failure by such Proponent to satisfy any conditions precedent set out in the DBA or a result of the Province and such Proponent having been negotiating a DBA as contemplated in this RFP; or

- (b) within 10 days following the later of the execution and delivery of the DBA by such Proponent and all other parties thereto.

3.9.10 Retention of Preferred Proponent Security Deposit

- (a) Despite any other term of this RFP, the Province may in its sole discretion and without notice draw on, retain and apply the proceeds of the Preferred Proponent Security Deposit to its own or other use in its sole discretion, despite delivery by the Proponent selected as the Preferred Proponent that has delivered such Preferred Proponent Security Deposit in accordance with this RFP of a notice under Section 3.9.9 (a) of Volume 1 of this RFP, if

- i.) there is a material breach of this RFP or the Proponent Agreement by any of the Proponent Team Members of such Proponent; or
- ii.) after receipt of written notice from the Province the Proponent fails to cause the Design-Builder to execute and deliver an agreement substantially in the form of the DBA contemplated to be finalized and settled in accordance with the process for settling the DBA described in this RFP,

within 30 days (or such longer period as the parties may agree in writing) of receipt of such written notice, provided that such failure on the part of such Proponent to cause to be executed and delivered an agreement substantially in the form of the DBA contemplated to be finalized and settled in accordance with the process for settling the DBA described in this RFP, is not solely as a result of a major disabling event (other than a disruption of financial markets) which could not have been reasonably prevented by and is beyond the reasonable control of the Proponent Team Members of such Proponent and which such Proponent can demonstrate to the satisfaction of the Province, acting reasonably, would substantially frustrate or render it impossible for the Design-Builder to perform the obligations of the Design-Builder under the DBA for a continuous period of 180 days.

- (b) If the Proponent selected as the Preferred Proponent that has delivered such Preferred Proponent Security Deposit in accordance with this RFP notifies the Province in writing in accordance with this RFP that such Proponent disputes the Province's right to call on and retain the Preferred Proponent Security Deposit, then:
 - i.) the Province may, in its sole discretion, nonetheless call on the Preferred Proponent Security Deposit and retain and apply the proceeds of the Preferred Proponent Security Deposit in accordance with this Section 3.9.10;

- ii.) the retention and application of the proceeds of the Preferred Proponent Security Deposit will be without prejudice to the right of such Proponent to dispute the Province's right to call on and retain the Preferred Proponent Security Deposit; and
 - iii.) if the dispute is resolved fully and finally in favour of such Proponent, then the Province's liability will be limited to repayment of all or the portion of the amount of the Preferred Proponent Security Deposit called on and retained by the Province, together with interest charges at the rate prescribed under the *Financial Administration Act* (British Columbia) and the Interest on Overdue Accounts Payable Regulation (B.C. Reg 215/83) on that amount.
- (c) If the Proponent selected as the Preferred Proponent that has delivered such Preferred Proponent Security Deposit in accordance with this RFP fails to provide written notice to the Province of the renewal or extension of the Preferred Proponent Security Deposit at least 30 days prior to the expiry date of the Preferred Proponent Security Deposit, or if such Proponent fails to renew or extend the Preferred Proponent Security Deposit, the Province may, in its sole discretion and at any time without notice to such Proponent, call on the Preferred Proponent Security Deposit and hold the proceeds as the Preferred Proponent Security Deposit in the same manner and for the same purposes as the letter of credit and the terms of Sections 3.9.10 (b)(i) through (iii) of Volume 1 of this RFP do not apply to the Province's call and retention of the proceeds under this Section 3.9.10 (c).

3.10 Debriefing

Following the Effective Date, representatives of the Province will, upon request, meet with Proponents and provide them with a debriefing. During such debriefing, the relative strengths and weaknesses of that Proponent's Proposal will be disclosed and discussed.

3.11 Close Process

3.11.1 DBA and BCA – Finalize Terms and Close

It is the intention of the Province that, subject to Section 3.11.2 of Volume 1 of this RFP, any issues with respect to the Draft DBA and Draft BCA must be finalized prior to the Financial Submittal Deadline so that the Definitive DBA and Definitive BCA, once issued, will not be further modified and is to be executed by the Preferred Proponent without further negotiation or amendment, except for changes, modifications, and additions:

- (a) relating to the determination by the Province at its discretion regarding which parts, if any, of the Proposal are to be incorporated by reference or otherwise into the DBA or the BCA or otherwise pursuant to express provisions of the Definitive

DBA or Definitive BCA, and changes and additions as a consequence of or in connection with such incorporations;

 - ii.) the modification or the insertion or addition of information in order to reflect accurately the nature of the Proponent's relationships with its Subcontractors;
- (c) required by the Province at its discretion to complete, based on the Proposal, any provision of the Definitive DBA or Definitive BCA, including changes, modifications and additions contemplated in or required under the terms of the Definitive DBA or Definitive BCA;

- (e) that the Province, at its discretion, considers are necessary solely to enhance clarity in legal drafting; and
- (f) that reflect Acceptable Equivalents in accordance with Section 2.2.7 of Volume 1 of this RFP.

3.11.2 Negotiations

If the Preferred Proponent submitted a Proposal that exceeds the Affordability Requirement, the Province may, at its discretion, and without limiting any other term of this RFP, including Section 5.3 of Volume 1 of this RFP, by delivery of written notice, invite the Preferred Proponent to enter into negotiations with a view to obtaining a DBA which the Province considers at its discretion to be in the interests of or advantageous to the Province or otherwise acceptable to the Province.

The negotiations may, at the Province's discretion, extend to any matter whatsoever, including changes and additions to, and removals of, any one or more aspects or parts, including design, technical, scope, schedule, commercial, risk, pricing aspects or parts, of the Project, the Definitive DBA, the Definitive BCA, the Proposal, and the Project Work.

Neither the Province nor the Preferred Proponent will be under any obligation or duty, whether in contract, tort, statute or common law, to negotiate any matter, to continue negotiations or to obtain a DBA through this process.

The Province may at any time and from time to time and for any reason that the Province at its discretion considers to be in the interests of the Province, including if the Preferred Proponent declines to accept the Province's invitation to enter into negotiations, revoke the invitation and, if applicable, terminate negotiations with the Preferred Proponent and proceed to take any one or more steps that the Province at its discretion considers to be in its interests or to its advantage including:

- (a) proceed with the same Proponent as Preferred Proponent to finalize and settle the Definitive DBA and/or Definitive BCA as contemplated in Section 3.11.1 of Volume 1 of this RFP in which case the terms of Section 3.11.1 of Volume 1 of this RFP will apply;
- (b) discontinue the process with the Proponent, select another Proponent as Preferred Proponent and invite that Proponent to enter into the negotiations contemplated in this Section 3.11.2;
- (c) discontinue the process with the Proponent and select another Proponent as Preferred Proponent to finalize and settle the Definitive DBA or the Definitive BCA as contemplated in Section 3.11.1 of Volume 1 of this RFP in which case the terms of Section 3.11.1 of Volume 1 of this RFP will apply; or
- (d) any of the steps contemplated in Section 5.3 of Volume 1 of this RFP.

5.11 Changes to Proponent Team Members

If for any reason a Proponent wishes to make or requires to add, remove or otherwise change a Proponent Team or a Proponent Team Member, or where a Key Individual named in the Qualification Response does not meet the applicable requirements for such Key Individual as set out in the DBA and/or this RFP, or there is a material change in ownership or control (which includes the ability to direct or cause the direction of management actions or policies of a member) of a Proponent Team Member, or there is a change to the legal relationship among any or all of the Proponent and its Proponent Team Members, then the Proponent will submit a written request to the Province for approval of the change.

The Proponent will include in such written request the reason for the proposed change, a comprehensive description of the proposed change, the full legal name(s) of the person(s) affected by or involved with the proposed change, together with a clear and

concise description of the legal nature and status of such person(s), sufficient to correctly and fully legally describe the persons affected by or involved with the proposed change, and sufficient information and documentation, including as to suitability, knowledge, skills, resources, experience, qualifications and abilities of the individuals or entities involved in the proposed change to demonstrate that the proposed change, if permitted, would result in the Proponent and the Proponent Team Members, considered as a whole and considered separately, meeting or exceeding, in the sole opinion of the Province, the suitability, qualifications, experience, and abilities of the Proponent, and the Proponent Team Members considered as a whole before the proposed change and further, in the case of a change of a Key Individual, that the replacement Key Individual meets all applicable requirements for such Key Individual as set out in the Design-Build Agreement and/or this RFP. The Proponent will provide such further information and documentation as the Province may request at the Province's discretion for the purpose of considering any such request, and any such additional information and documentation, including the request for a proposed change, which may at the Province's discretion be included in the evaluation of the Proponent's Proposal.

The Province may, at its discretion, by written notice refuse or permit the proposed change. Any permission of the Province may be on such terms and conditions as the Province may consider appropriate in its sole discretion. Any change to a Proponent Team Member that results in any additional person becoming an entity comprised in any Proponent Team Member, or where any additional person is an entity comprised in any additional persons specified by the Province at its discretion under this RFP as being included in the Proponent Team, in each case subsequent to the execution and delivery of the Proponent Agreement will be required to execute and deliver to the Province an agreement, in form and content satisfactory to the Province in its sole discretion, to be bound by the terms of the Proponent Agreement in the same manner and with the same effect as if such person had been an original signatory to the Proponent Agreement.

The Proponent will immediately notify the Province if, after submission of any component of the Proposal a material change in circumstances, including a change, occurs which may adversely affect a Proponent's ability to enter into or perform the DBA including any aspects of the Project Work.

Such a change may not automatically render a Proponent ineligible so as to be disqualified from the Competitive Selection Process. The Province's decision at its discretion as to whether or not to disqualify a Proponent as a result of such a change will be final and binding.

5.12 Relationship Disclosure and Review Process

The Province reserves the right to disqualify, at its discretion, any Proponent, that at the Province's opinion has an actual or perceived conflict of interest or unfair advantage or has a relationship that has the potential for creating an actual or perceived conflict of

interest or unfair advantage, whether existing now or likely to arise in the future, or may permit the Proponent to continue and impose such condition as the Province may consider to be in the public interest or otherwise, as required by the Province.

Each Proponent will, by written notice addressed to the Contact Person, promptly after becoming aware of any such relationship, whether before or after delivery of the Technical Submittal or the Financial Submittal, fully disclose all relationships that the Proponent or any of its Proponent Team Members has or may have, with the Province, or any agency, authority, board, tribunal, commission or department of the Province, BCTFA, BCIB, Infrastructure BC, any Restricted Party or any other person providing advice or services to the Province with respect to the Project and all relationships of which it or any of its Proponent Team Members is aware between any of their respective contractors, subcontractors, directors, officers, employees, consultants, advisors, representatives or agents, or any other persons associated with any of them with the Province or any agency, authority, board, tribunal, commission or department of the Province, BCTFA, BCIB, Infrastructure BC, any Restricted Party or any other person providing advice or services to the Province with respect to the Project that constitutes an actual or perceived conflict of interest or unfair advantage or has the potential for creating an actual or perceived conflict of interest or unfair advantage.

At the time of disclosure of such relationship under this Section, the Proponent will include sufficient information and documentation to demonstrate that appropriate measures have been or will be implemented to mitigate, minimize or eliminate any actual, potential or perceived conflict of interest or unfair advantage, as applicable. The Proponent will provide such additional information and documentation and may be required to implement such additional measures as the Province may require at its discretion in connection with the Province's consideration of the disclosed relationship and proposed measures.
